The Drama of Scripture

Finding Our Place in the Biblical Story, 2nd ed.

Craig G. Bartholomew and Michael W. Goheen

This popular textbook surveys the grand narrative of the Bible, demonstrating how the biblical story forms the foundation of a Christian worldview. The second edition has been thoroughly updated and revised.

Praise for the First Edition

“Much recent scholarship has emphasized the narrative quality of Scripture. This book takes that insight and brings it to life, enabling even the beginner to grasp the sense of Scripture as a single great story—a drama in which we are all invited to play a part. I am delighted to see solid scholarship made easily accessible in this splendid fashion.”

—**N. T. Wright**, University of St. Andrews; former bishop of Durham

“An intelligent, engaging overview of the narrative of Scripture in six acts. Bartholomew and Goheen have produced a clear and theologically sensitive account of the Bible that is perfect for college students or adult Bible study groups.”—**Christopher Seitz**, Wycliffe College, University of Toronto

“This is a vivid introduction to reading the Bible as a coherent story of God’s purposes for the world. It will not only help the new reader but also enable the experienced reader to distinguish the central themes of Scripture from mere sidelights.”—**Gordon J. Wenham**, author of *Story as Torah* and *Psalms as Torah*

“A volume that will help inexperienced readers of the Bible get a view of the big picture before moving into more atomistic treatments of the Bible. It will serve well in introductory level Bible courses and may serve equally well in basic courses in hermeneutics. Its easy, nontechnical language will make it a popular text with such students.”—*Review of Biblical Literature*

“Every once in a while a book comes along that immediately meets a real need. This is one of those books. . . . [It] will serve college students, pastors, and scholars well in their efforts to understand and live the Christian story.”—*Canadian Evangelical Review*

“The book succeeds in making a case for a cohesive narrative in scripture, most successfully in relating the NT to OT in themes of covenant and promise, and when exploring briefly the idea of the contemporary Christian church continuing to be a player in the drama.”—*Journal for the Study of the New Testament*

1–2 Thessalonians

Jeffrey A. D. Weima

BAKER EXEGETICAL COMMENTARY ON THE NEW TESTAMENT
Robert W. Yarbrough and Robert H. Stein, series editors

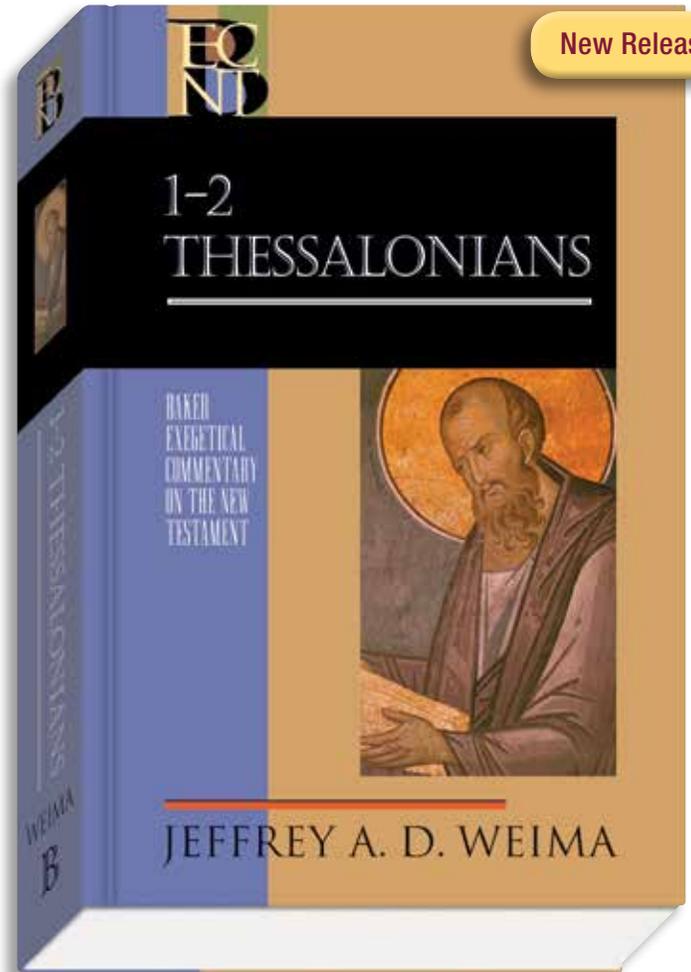

In this addition to the critically acclaimed BECNT series, respected New Testament scholar and Thessalonians expert Jeffrey Weima offers pastors, students, and teachers the most up-to-date and substantive commentary available on 1–2 Thessalonians.

Endorsements

“Weima has written a full and authoritative commentary on 1 and 2 Thessalonians that readers will want to consult regularly and frequently. He brings a wealth of previous research to bear upon his exegesis. The result is well-considered and thoughtful positions at almost every juncture. One of the most appealing features of the commentary is Weima’s interpretation within the context of ancient epistolary structure, rather than the all-too-frequently-used rhetorical analysis. Weima sets the stage for his exegesis and exposition of each section by laying out the literary character and shape of the unit to be discussed. He also provides a detailed and helpful introduction to the commentary that emphasizes the historical background of these letters. Weima shows awareness of the current debate on a wide range of issues in Thessalonians research, while also ably defending traditional positions regarding authorship, interpretation, and even text-critical matters. I am sure that this commentary will be widely used.”—**Stanley E. Porter**, McMaster Divinity College, Hamilton, Ontario

“Already an acknowledged expert on the Thessalonian Letters, Weima offers fellow Christians a clear and erudite interpretation. This exegetical commentary now stands among the authoritative works on 1 and 2 Thessalonians.”—**L. Ann Jervis**, Wycliffe College, University of Toronto

“Is it possible for a commentary to be both technical and accessible, comprehensive and concise, academic and pastoral? Weima has produced precisely such a commentary on the Thessalonian Letters. One would be hard-pressed to find a full-length, up-to-date treatment of these letters that offers more than Weima’s. Judicious in judgment, gracious in engagement, and clear in argument, this commentary catapults Weima to the front of an increasingly crowded field. It will become a standard, go-to resource for scholars, ministers, and students alike.”—**Todd D. Still**, Truett Seminary, Baylor University

Richard Middleton (PhD, Free University of Amsterdam) is professor of biblical worldview and exegesis at Northeastern Seminary and adjunct professor of theology at Roberts Wesleyan College, both in Rochester, New York. He authored *The Liberating Image* and coauthored the bestsellers *Truth Is Stranger Than It Used to Be* and *The Transforming Vision*.

B

A New Heaven and a New Earth

Reclaiming Biblical Eschatology

J. Richard Middleton

“Richard Middleton plunges boldly into a most-treasured misreading of the Bible. When his book catches on, it will have an immense impact on the way in which we think and act about our common future in the gospel, a common future with important socio-economic, political derivatives.”—**Walter Brueggemann**, Columbia Theological Seminary

“It is no small irony that the majority of serious, Bible-believing Christians subscribe to a view of life in the eschaton that is fundamentally unbiblical. Middleton provides a much-needed corrective in his perceptive exposition of ‘holistic eschatology,’ which effectively unites the Old and New Testaments in stressing God’s commitment to the flourishing of the created universe of which we are a part. This book is so comprehensive, so exegetically based and theologically rich, that it could serve admirably as a basic textbook on biblical theology. I cannot recommend it highly enough.”—**Donald A. Hagner**, Fuller Theological Seminary

Defending Substitution

An Essay on Atonement in Paul

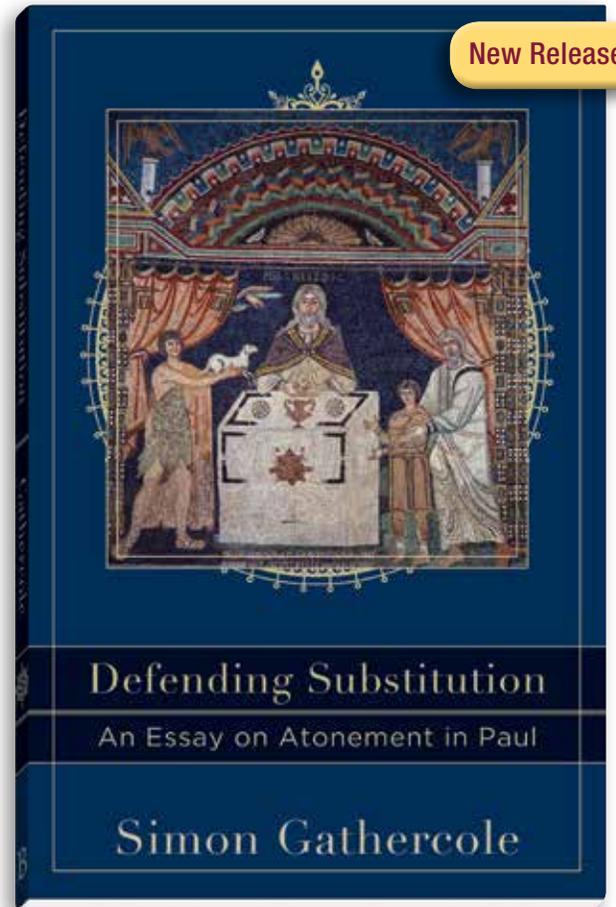

Simon Gathercole

ACADIA STUDIES IN BIBLE AND THEOLOGY

Craig A. Evans and Lee Martin McDonald, series editors

In recent decades, the church and academy have witnessed intense debates concerning the concept of penal substitution to describe Christ's atoning sacrifice. A number of theologians, New Testament scholars, and authors of popular Christian literature have raised issue with the concept, claiming that it promotes bloody violence, glorifies suffering and death, and inevitably amounts to divine child abuse. On the other hand, others have defended penal substitution, arguing that the concept plays a pivotal role in classical Christian doctrine.

In this volume, world-renowned New Testament scholar Simon Gathercole offers an exegetical and historical defense of the traditional substitutionary view of the atonement. Gathercole provides critical analyses of various interpretations of the atonement and places New Testament teaching in its Old Testament and Greco-Roman contexts, demonstrating that the interpretation of atonement in the Pauline corpus must include the concept of penal substitution. Professors and students of New Testament and early Christianity, the history of Christian doctrine, and contemporary systematic theology will value this work.

James W. Thompson (PhD, Vanderbilt University) is scholar in residence at the Graduate School of Theology at Abilene Christian University. He is the editor of *Restoration Quarterly* and the author of numerous books, including *Pastoral Ministry according to Paul*, *Moral Formation according to Paul*, *Preaching like Paul*, and *Hebrews in Paideia: Commentaries on the New Testament*.

The Church according to Paul

Rediscovering the Community Conformed to Christ

James W. Thompson

“Always with one foot planted firmly in the academy and the other in the church, James Thompson has given us a highly insightful, theologically rich, and timely study of the apostle Paul’s view of the church—one of the best Pauline ecclesiologies in print. Thompson argues compellingly that Paul’s first-century vision of the church as a distinctive community speaks clearly to the twenty-first century. This excellent volume should be studied not only by students of Paul but also by all who are (rightly) concerned about the identity and mission of the church today.”—**Michael J. Gorman**, St. Mary’s Seminary & University, Baltimore

“*The Church according to Paul* is as challenging as it is clever. It is clever because Thompson takes contemporary visions of the church and replaces the language of their proponents with Paul’s own language, thereby upturning today’s categories. It is challenging because it virtually dares those who are concerned with the state of the church today to rethink the church according to the mind of Paul. All in all, a useful and quite valuable read for anyone interested in either the church or the Bible, perhaps even both.”—**Raymond F. Collins**, Brown University

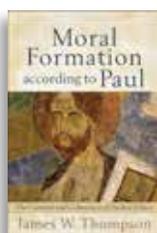

“Diagnoses of the church’s problems and prescriptions for its flourishing abound. As James Thompson wisely observes, however, most contemporary discussion of the church shows little evidence of engagement with the letters of Paul. In this careful volume, Thompson studies the church in Paul’s words and his work, in the hope that Paul’s rich wisdom might have its rightful place in contemporary Christian reflection.”
 —**Beverly Roberts Gaventa**, Baylor University

“In this stunning and much-needed study of Pauline ecclesiology, Thompson offers far more than careful historical scholarship concerning the apostle’s understanding of church. While his analysis provides a first-class treatment of Paul’s letters as first-century documents, he also rediscovers ideas that speak to the contemporary church about its mission and identity in the twenty-first century. The result of Thompson’s work is that rare learned book that is grounded in sure-footed and careful biblical scholarship yet speaks powerfully to the church today about its role and outreach to modern society. A scintillating achievement that is vital for the church as it seeks to understand its continuing role in the wider secular culture.”—**Paul Foster**, School of Divinity, University of Edinburgh

Engaging the Christian Scriptures

An Introduction to the Bible

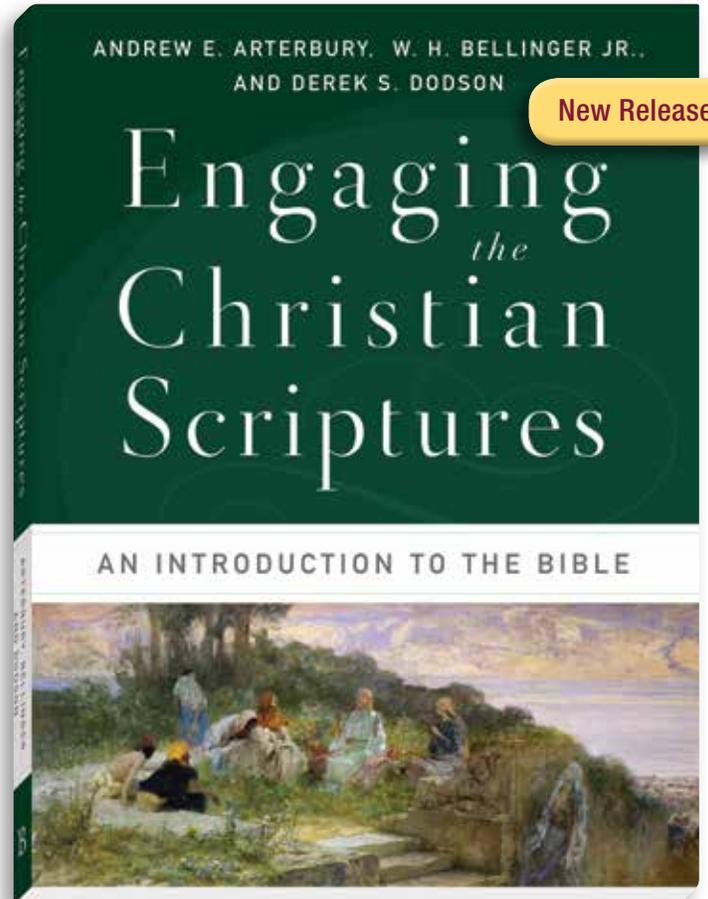

**Andrew E. Arterbury, W. H. Bellinger Jr.,
and Derek S. Dodson**

“This team of scholars has put together an excellent text for a course covering both Old and New Testaments. Their biblical books summaries give a flavor for each book’s contents and the world that influenced the biblical writers. Of particular importance to students is the careful treatment of sometimes controversial materials as the authors demonstrate a moderate and thoughtful consideration of different viewpoints.”—**Victor H. Matthews**, Missouri State University

Excerpt

We intend for this volume to serve as an introductory textbook to the Christian Scriptures for students who are engaging in an informed reading of the Bible within an academic setting. Because we believe the biblical texts should function as the primary texts in such a setting, we have crafted this textbook to function as a supplemental resource. For example, we have focused our readers’ attention on the prevailing conversations and leading opinions within the field of biblical studies on most subjects. In other words, we have not attempted to provide exhaustive descriptions of every academic conversation about the Bible, but rather we have strived to introduce the most important conversations for students who are encountering the field of biblical studies for the first time. In the process, we have intentionally created a manageable, accessible, and affordable textbook that aims first and foremost to benefit students rather than their professors.

Methodologically, we have employed a contextual approach to the Christian Scriptures, giving attention to historical, literary, and theological contexts. Rather than telling students about the Bible, we aim to help students become educated readers of the Bible. Furthermore, while introducing critical perspectives and approaches, we have simultaneously attempted to highlight and to underscore the theological claims found within the Christian Scriptures rather than to critique or to deconstruct those claims. Consequently, our title reflects our aim. We hope beginning students will “engage” the Christian Scriptures. Ideally, this textbook will function as the supplemental resource that empowers students to do just that.

Luke

Mikeal C. Parsons

ΠΑΙΔΕΙΑ: COMMENTARIES ON THE NEW TESTAMENT

Mikeal C. Parsons and Charles H. Talbert, series editors

Mikeal Parsons, a leading scholar on Luke and Acts, offers a practical commentary on Luke that is conversant with contemporary scholarship, draws on ancient backgrounds, and attends to the theological nature of the texts. This commentary, like each in the Paideia series, proceeds by sense units rather than word-by-word or verse-by-verse. Students, pastors, and other readers will appreciate the historical, literary, and theological insight Parsons provides in interpreting the Gospel of Luke.

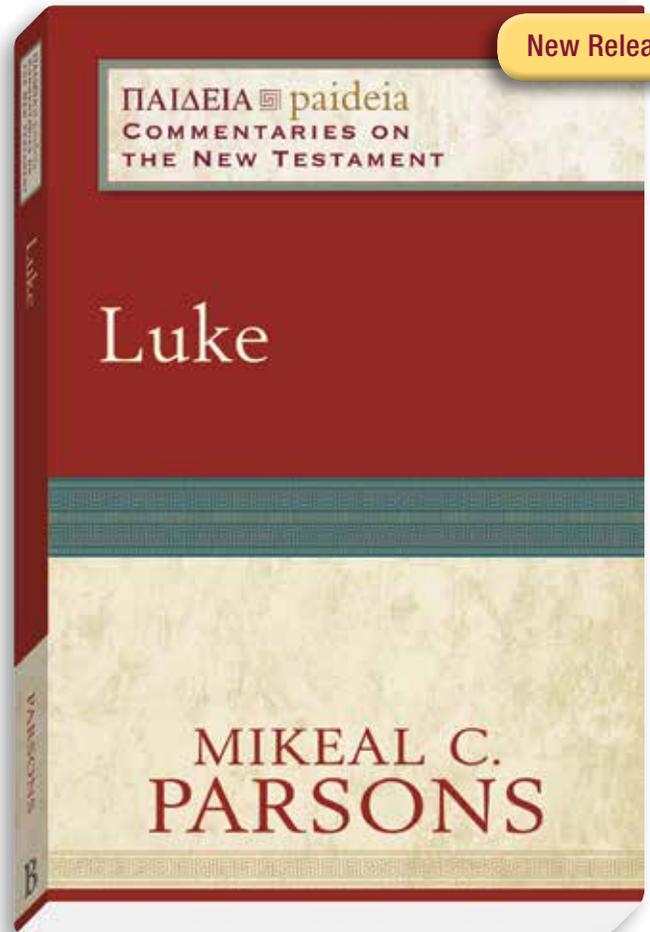

About the Series

Paideia commentaries explore how New Testament texts form Christian readers by

- attending to the ancient narrative and rhetorical strategies the text employs
- showing how the text shapes theological convictions and moral habits
- commenting on the final, canonical form of each New Testament book
- focusing on the cultural, literary, and theological settings of the text
- making judicious use of maps, photos, and sidebars in a reader-friendly format

Revelation

Peter S. Williamson

CATHOLIC COMMENTARY ON SACRED SCRIPTURE

Peter S. Williamson and Mary Healy, series editors

In this addition to the Catholic Commentary on Sacred Scripture (CCSS), seasoned New Testament scholar Peter Williamson interprets Revelation from within the living tradition of the Church for pastoral ministers, lay readers, and students alike. The seventeen-volume CCSS series, which will cover the entire New Testament, relates Scripture to Christian life today, is faithfully Catholic, and is supplemented by features designed to help readers understand the Bible more deeply and use it more effectively in teaching, preaching, evangelization, and other forms of ministry. Drawn from the best of contemporary scholarship, series volumes are keyed to the liturgical year and include an index of pastoral subjects.

The Gospel of John

Francis Martin and William M. Wright IV

CATHOLIC COMMENTARY ON SACRED SCRIPTURE

Peter S. Williamson and Mary Healy, series editors

“There’s something about this series that is notable: the authors explain the Bible in theologically orthodox ways and explain the text clearly, succinctly, and without a lengthy apparatus of the history of interpretation or discussions of alternative views. . . . It would be an excellent commentary for a college Bible class. . . . The Catholic Commentary on Sacred Scripture will prove itself to be a reliable, Catholic—but ecumenically open and respectful—commentary.” —**Scot McKnight**, *Jesus Creed* blog

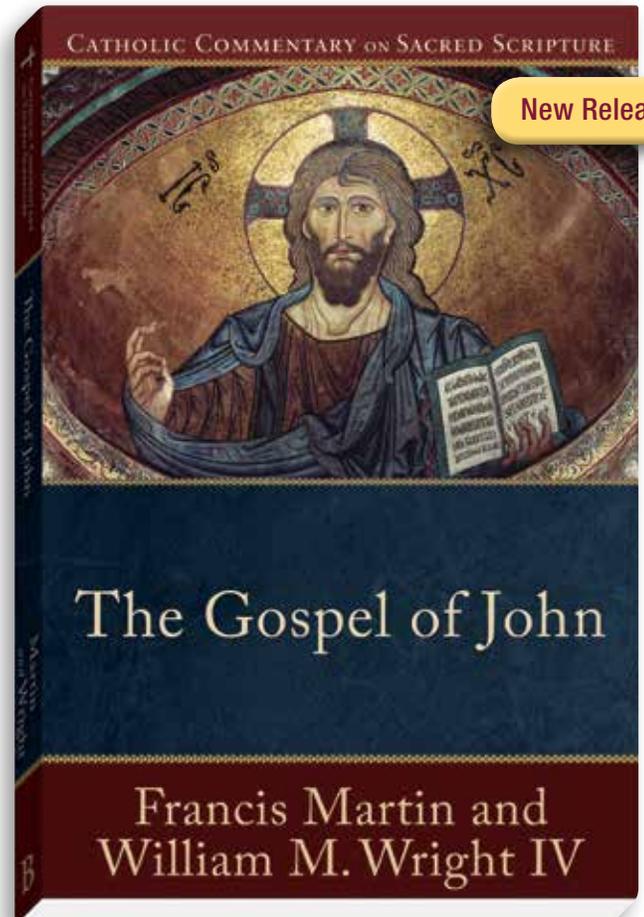

About the Series

The Catholic Commentary on Sacred Scripture (CCSS) responds to the desire of Catholics to study the Bible in depth and in a way that integrates Scripture with Catholic doctrine, worship, and daily life. Series volumes offer readable, informative commentary on each book of the New Testament. The CCSS implements the theological principles taught by Vatican II for interpreting Scripture “in accord with the same Spirit by which it was written”—that is, interpreting Scripture in its canonical context and in the light of Catholic tradition and the analogy of faith (*Dei Verbum* 12). Each volume provides exegesis as well as reflection and application sections. A set of cross-references links each passage to the Catechism, the Lectionary, and related biblical texts. Sidebars present information on the background of the text and on how the text has been interpreted by the Church. Abundant quotations from saints and Church Fathers enable readers to glimpse the continuity of Catholic tradition. Further resources are posted at the series web site, www.CatholicScriptureCommentary.com.

Douglas J. Moo (PhD, University of St. Andrews) is Kenneth T. Wessner Professor of New Testament at Wheaton College Graduate School. He has authored many books, including *Galatians* in the Baker Exegetical Commentary on the New Testament and commentaries on Romans, James, 2 Peter and Jude, and Colossians and Philemon. He is also the coauthor of *An Introduction to the New Testament* and chaired the Committee on Bible Translation for the New International Version revision.

B

Encountering the Book of Romans *A Theological Survey, 2nd ed.*

Douglas J. Moo

ENCOUNTERING BIBLICAL STUDIES
 Walter A. Elwell, series editor

Leading New Testament scholar Douglas Moo offers an accessible guide to the book of Romans. The new edition is updated throughout and features a new interior design.

Endorsements

“It is hard to imagine a more reliable guide to Romans than Douglas Moo. His expertise as a commentator is renowned and rightly so. In this work he distills his knowledge in a way that is accessible to the ordinary person. If one wants to become acquainted with Paul’s theology and gospel in Romans, this volume is the perfect place to begin.”—**Thomas R. Schreiner**, Southern Baptist Theological Seminary

“This clearly explained, beautifully illustrated introduction to Romans by one of the leading scholars in the field will be immensely useful to anyone interested in the letter. One could not find a more experienced and highly skilled guide through the terrain of Romans than Douglas Moo. The well-chosen maps and photographs and the thoughtfully crafted discussion questions make this book an ideal choice for introductory classes on the letter, Bible study groups, and anyone who wants to understand this engaging and powerful text.”

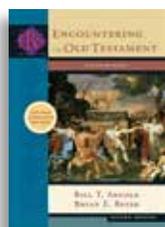

—**Frank Thielman**, Beeson Divinity School

“Douglas Moo is the preeminent evangelical Pauline scholar of our generation. His *Encountering the Book of Romans* is a wonderful distillation of nearly four decades of solid exegetical work on Paul’s most famous letter. In this updated edition, Moo continues to lead students through the major blocks and themes of the letter in a way that is easy to understand but does not dumb down the sophistication of Paul’s message. The commentary is enhanced with many helpful charts, summaries, tables, and pictures. A great resource for students embarking on a study of Romans for the first time.”—**Michael F. Bird**, Ridley Melbourne Mission and Ministry College, Australia

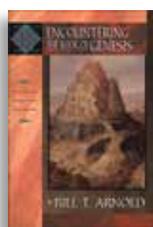

“The product of a notable Pauline scholar and an experienced teacher, this textbook provides an excellent and reliable guide to reading Paul’s Letter to the Romans. For those encountering this letter for the first time, this work will bring alive Paul’s important message for all believers. For those revisiting this letter, this work also serves as a helpful introduction to the scholarly reading of this Pauline letter. Particularly useful are the numerous sidebars that deal with various theological, structural, linguistic, and contextual issues.”

Acts: An Exegetical Commentary, vol. 3

15:1–23:35

Craig S. Keener

In the third volume of this four-volume commentary, Craig Keener continues his detailed exegesis of Acts, offering a wealth of fresh insights. The first three volumes cite more than 45,000 extrabiblical ancient references. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

Endorsements

“Keener’s incredibly detailed megacommentary on Acts is a scholarly achievement that is unlikely to be surpassed in the foreseeable future. The author has an enviable mastery over an amazing number of primary and secondary sources, evident on nearly every page in footnotes providing both documentation and stimulating discussions. He provides in-depth discussions of various critical approaches to the major interpretive issues in Acts, revealing the strengths and weaknesses of each position while carefully arguing his own position. The commentary also includes a rich variety of informative excursuses that provide detailed analysis of a wide variety of important side issues and topics. Every serious student of Acts owes it to herself or himself to carefully work through this significant contribution to scholarship.”

—**David E. Aune**, University of Notre Dame

“Keener’s scholarship and personal experience give a distinctive cross-cultural perspective to his commentary. His excursuses are treasure troves of cultural information on topics such as ancient anti-Judaism; dreams; patrons, clients, and reciprocity; and suicide. This detailed commentary will deservedly be a major resource on Acts in many libraries—personal and public—for years to come.”

—**John J. Pilch**, Johns Hopkins University

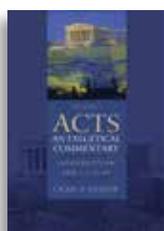

“As in the previous volumes, the author proffers a very detailed and nuanced analysis of the text’s exegetical problems while also paying close attention to the Greco-Roman environment that shaped Luke’s narrative. Scholars of the New Testament, theologians, and classicists, but also laypersons, will want to consult and will benefit from Keener’s erudite, impressive work.”

—**Andreas Bendlin**, Department of Classics, University of Toronto

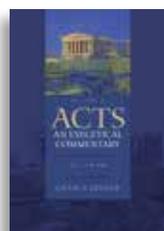

“Keener’s massive commentary on the book of Acts is a gold mine of valuable information. His socio-historical reading of the text demonstrates the crucial importance of interpreting Acts in the context of Greek and Roman historiography. In addition, the vast amount of references to ancient sources and literature will be helpful for anyone interested in doing serious research on Acts.”

—**Samuel Byrskog**, Centre for Theology and Religious Studies, Lund University

Galatians and Christian Theology

Justification, the Gospel, and Ethics in Paul's Letter

Mark W. Elliott, Scott J. Hafemann, N. T. Wright, and John Frederick, editors

The letter to the Galatians is a key source for Pauline theology as it presents Paul's understanding of justification, the gospel, and many topics of keen contemporary interest. In this volume, some of the world's top Christian scholars explore how exegesis and theology meet, critique, and inform each other, offering cutting-edge scholarship on how Galatians relates to theology and ethics. Contributors include Jean-Noël Aletti, John M. G. Barclay, Michael B. Cover, Mark W. Elliott, Javier A. Garcia, Beverly Roberts Gaventa, Timothy G. Gombis, Scott Hafemann, Richard B. Hays, Mariam J. Kamell, Bruce McCormack, Matthew V. Novenson, Oliver O'Donovan, Karla Pollmann, Volker Rabens, Thomas Söding, Todd D. Still, Darren O. Sumner, Scott R. Swain, Edwin Chr. van Driel, Timothy Wengert, N. T. Wright, and Simeon Zahl.

Jesus against the Scribal Elite

The Origins of the Conflict

Chris Keith

"In this book, as lucid and accessible as it is compelling, Chris Keith exposes the issues that lay at the very heart of Jesus's engagement with the scribal elite. This is written for upper-level students, but scholars too will find much to consider in this excellent treatment."—**Helen Bond**, Centre for the Study of Christian Origins, University of Edinburgh

"This well-written study by Chris Keith puts Jesus as a public teacher into new light. The attention this book devotes to Jesus in relation to the social context of his day not only challenges assumptions about what it means for Jesus to be God's Messiah and Son of God but also offers a fresh way to understand what it meant for Jesus to have given instructions at all and to have debated them with his Jewish contemporaries. Readers with any interest in the historical Jesus will have a hard time putting the book down."—**Loren Stuckenbruck**, Ludwig-Maximilians-Universität München

Reading Koine Greek

An Introduction and Integrated Workbook

Rodney J. Decker

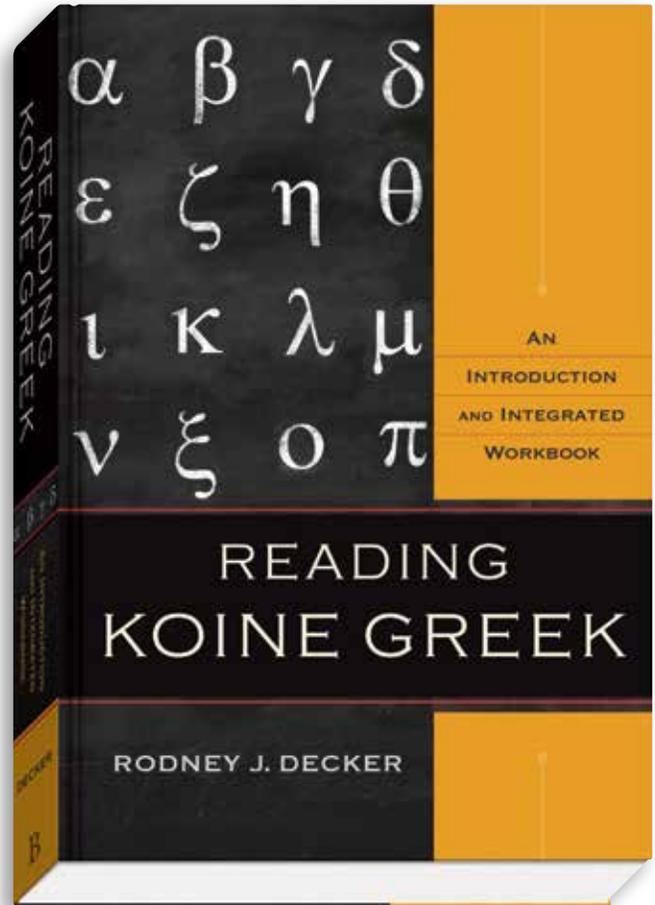

This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching, emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, enabling students to encounter real examples as they learn each new concept. Each chapter concludes with an extended reading passage that highlights new material. The book also introduces students to reference tools for biblical Greek. Professors and students in first-year Greek classes will value this work, which includes helpful tips on learning and is supplemented by robust web-based resources.

Endorsements

“Readable and user friendly, yet remarkably sophisticated linguistically. Students learn not just forms and paradigms but, far more important, how language works and how the text as a whole functions as a communicative event. Students will also benefit from the hands-on workbook approach. This is a pedagogically effective, accurate, and comprehensive text.”—**Mark L. Strauss**, Bethel Seminary San Diego

“A wonderful Koine Greek grammar for the twenty-first century. Unlike most grammars currently in print, Decker’s work is up to date with the cutting-edge issues in Greek linguistics, including verbal aspect, voice, lexical semantics, and pronunciation. The grammar draws on text beyond the Greek New Testament—including the Septuagint, Pseudepigrapha, and the Apostolic Fathers—and provides extension for advanced students on topics such as accentuation and grammatical diagramming. Decker demonstrates clear pedagogical concern, making the material accessible and teachable.”—**Constantine R. Campbell**, Trinity Evangelical Divinity School

“*Reading Koine Greek* reflects the most recent discussion of the Greek language, presented in a clear and practical way. Naturally, it will be especially attractive to Greek instructors in colleges and seminaries who share his understanding of Greek verbal aspect. Even those who understand the topic differently may be tempted to use this work, given the attractive features of this introductory grammar.”—**Roy E. Ciampa**, Nida Institute for Biblical Scholarship and Gordon-Conwell Theological Seminary

November 2014 • 704 pp. • cloth • \$49.99 • 978-0-8010-3928-7

Can We Still Believe the Bible?

An Evangelical Engagement with Contemporary Questions

Craig L. Blomberg

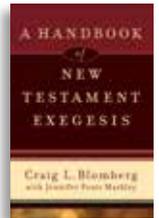

“Mention the Bible, especially a hot topic like canon or miracles, and one second later you will hear strident voices attacking the Bible’s silliness or calling others names for not believing the Bible. Those topics, and many more besides, are volatile because they matter, and what matters most for the discussion is the voice of reason and balance. Enter Craig Blomberg with nothing less than a splendid example of ‘generous apologetics’ for the faith. Whether you agree on specific points, this is the finest example I know of for how to defend the Bible.”—**Scot McKnight**, Northern Seminary

“The Bible has gone from being the answer to being the question in our culture. Can I still believe what it claims? Answering emphatically yes, Blomberg examines the pitfalls of making the Bible say too little or too much, both real problems for understanding how the Bible works. So read and consider anew how to think about Scripture. The result will be that belief in the Bible makes sense.”—**Darrell Bock**, Dallas Theological Seminary

Craig L. Blomberg (PhD, University of Aberdeen) is distinguished professor of New Testament at Denver Seminary, where he has taught for more than twenty-five years. He is the author or editor of numerous books, including *The Historical Reliability of the Gospels* and commentaries on Matthew, 1 Corinthians, and James.

Reading the Historical Books

A Student's Guide to Engaging the Biblical Text

Patricia Dutcher-Walls

“For those coming to serious study of the Bible for the first time, there cannot be any more important lesson than to understand how to read the Bible’s ancient historical records faithfully on their own terms. They are not always the same as ours. You will not find a better or more sympathetic introductory book than this one to point you in the right direction.”

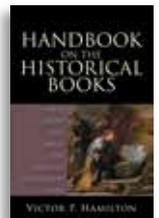

—**H. G. M. Williamson**, University of Oxford

“This is a book about the ancient biblical historical books for readers in the text-message age! Engagingly written, it goes beyond matters of introduction to show how an appreciation of the factors of historical context, storytelling, point of view, and overarching concept plays a crucial role for readers in their understanding of the text. Always sympathetically aware of its audiences, and with panels calling for reader involvement, this book will be an invaluable aid to all who have a serious interest in understanding these rich story-histories of the Old Testament.”—**J. Gordon McConville**, University of Gloucestershire

Patricia Dutcher-Walls (ThD, Graduate Theological Union) is professor of Hebrew scripture at Vancouver School of Theology, where she also serves as dean of studies and director of the library. She is the author of several books and a web-based Bible study curriculum.

Ancient Israel's History

An Introduction to Issues and Sources

Bill T. Arnold and Richard S. Hess, editors

The history of Israel is a much-debated topic in Old Testament studies. On one side are minimalists who find little of historical value in the Hebrew Bible. On the other side are those who assume the biblical text is a precise historical record. Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history. *Ancient Israel's History* values the Bible's historical contribution without overlooking critical issues and challenges. Featuring the latest scholarship, this substantive textbook introduces students to the current state of research on issues relevant to the study of ancient Israel. The editors and contributors, all top biblical scholars and historians, discuss historical evidence in a readable manner, using both canonical and chronological lenses to explore Israelite history. Professors and students will value the book's pedagogical aids, such as maps, images, tables, and sidebars, which visually support the book's content.

For the Glory of God

Recovering a Biblical Theology of Worship

Daniel I. Block

“Daniel Block is one of the most knowledgeable, thoughtful, and prolific teachers of the Old Testament writing today. In this important book, he turns his attention to the crucial question of worship. He rightly insists that the question is not whether we enjoy worship but rather whether God is pleased with our worship. He brings his impressive understanding of the Bible to bear on the question of proper worship. The result is an insightful study of worship that has practical implications for all.”—**Tremper Longman III**, Westmont College

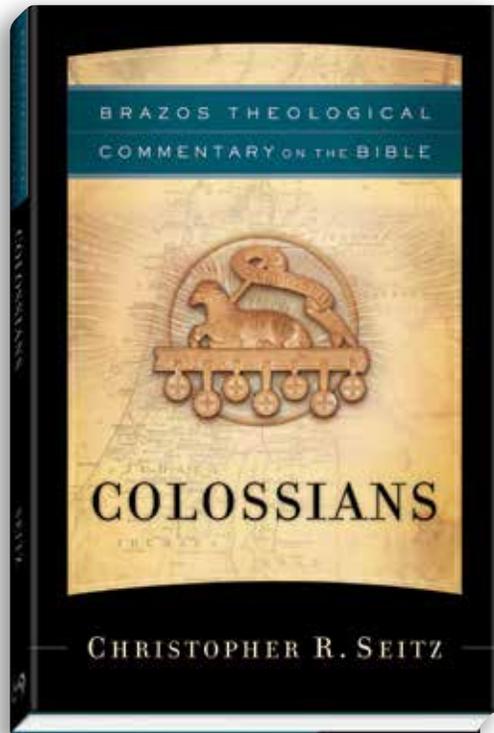

“This book is a scholar's gift to the church. Block brings his considerable expertise to the task of helping us all understand this most important activity of life—worship! His ability to analyze and synthesize the biblical texts is surpassed only by his passion in challenging us to fresh insights. Biblical scholars and theologians will appreciate his thorough study. Pastors and other worship leaders will wonder how they ever got along without it. We are all in his debt.”—**John H. Walton**, Wheaton College

Colossians

Christopher R. Seitz

BRAZOS THEOLOGICAL COMMENTARY ON THE BIBLE
R. R. Reno, general editor; Robert W. Jenson, Robert Louis Wilken, Ephraim Radner, Michael Root, and George Sumner, series editors

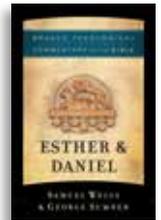

“No one has spent more time than Christopher Seitz over the past generation writing about the relationship of the two testaments to one another and how that issue constitutes the defining feature of the Christian Bible. He is no doubt one of the best theological readers of the Bible. This is the first time he has dedicated himself to the interpretation of an entire book of the New Testament, and it will become a landmark volume in this prestigious series.”—**Gary A. Anderson**, University of Notre Dame

“It is a real pleasure to commend this commentary on one of the jewels in the New Testament by one of today’s leading Old Testament scholars. Preachers, teachers, and thoughtful Christians will all appreciate Seitz’s clarity, insight, and theological acumen as he navigates technical matters while pressing home theological and pastoral application.”
—**Carl R. Trueman**, Westminster Theological Seminary, Pennsylvania

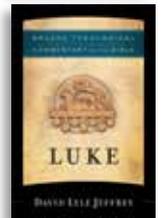

Christopher R. Seitz (PhD, Yale University) is senior research professor of biblical interpretation at Wycliffe College, University of Toronto. He is the author or editor of numerous books, including *The Character of Christian Scripture, Prophecy and Hermeneutics, The Goodly Fellowship of the Prophets*, and *Nicene Christianity*.

Biblical Interpretation

An Integrated Approach, 3rd ed.

W. Randolph Tate

“Tate offers an informed and balanced study of variety in biblical interpretation. His command of primary and secondary sources and his clarity of presentation make this book a *vade mecum* for students and teachers.”—**Phyllis Tribble**, Wake Forest University

“In this significantly expanded edition of his textbook, W. Randolph Tate brings the advantages of an integrated understanding of biblical hermeneutics to a new generation of interpreters. He more fully applies his ‘three worlds’ typology to an orientation of biblical hermeneutics vis-à-vis the plethora of critical methods now in regular use among increasingly diverse contemporary literary and biblical interpretive communities. In the process his typology proves itself a flexible and reliable framework for the study of biblical hermeneutics.”—**William Yarchin**, School of Theology, Azusa Pacific University

Inductive Bible Study

A Comprehensive Guide to the Practice of Hermeneutics

David R. Bauer and Robert A. Traina

Foreword by Eugene H. Peterson

“For half a century, Robert Traina’s method of inductive Bible study has taught students the most important critical-thinking skill of all: how to read! His method trains people to attend closely to what is in a text and what is not in a text, to follow a text’s argument, and to map its narrative flow. Now David Bauer adds to the collaborative mix his own formidable strengths as an experienced teacher of inductive Bible study and as an internationally recognized biblical scholar. Together they present a finely honed guide to the process of observation, interpretation, and appropriation, enhanced with examples of how to execute each step and with helpful discussions about both the place of their approach in the landscape of contemporary hermeneutical debates and the connections between critical approaches and their inductive method. This volume lays an essential foundation for critical analysis and careful exegesis.”—**David A. deSilva**, Ashland Theological Seminary
