# The Highly Anticipated Sequel from the #1 Author of Amish Fiction

- Sequel to *The Tinderbox*
- Destined for bestseller lists in the CBA and general market
- “Beverly Lewis is the biggest name in Amish fiction.”  
—*Newsweek*
- Author’s warm, engaging social media presence and personal appearances actively support booksellers

As the only daughter, Sylvia Miller of *The Tinderbox* has always held a special place in her Old Order family, one Adeline Pelham jeopardizes when she shows up at the Millers’ Hickory Hollow farm. It isn’t that Adeline means to be a threat, but her very existence is a reminder of the painful secret that has so recently upended the Miller household. And with Sylvia and her mother still struggling to come to terms with that news, this is a challenging time to welcome an Englisher—especially *this* Englisher—into their midst.

Despite the Millers’ unexpected hospitality, Adeline is well aware that she’s treading on Sylvia’s turf, and she feels guilty about doing so when Sylvia is grappling with issues of her own. Not only is Sylvia trying to rebuild her trust in her father, but she’s uncertain what to make of her once-promising engagement to Titus Kauffman, who hasn’t pursued her since she confronted him. Adeline wishes she could help Sylvia, but she’s not sure that either she or Sylvia is ready for that level of closeness in their relationship.

Can God make something good come out of the mistakes of the past? Or does Adeline’s arrival mark one too many surprises for the Millers and their Amish community?

EXCERPT

Ingrid fought against the grip pulling her toward the furnace. The raging fire already seared her leg. And her head. If only she could think straight, she would get loose and run far away from this inferno.

A hand gripped her shoulder. "Miss?"

She fought to wrench free. To back away from the heat.

*No. Let me go.*

Now hands held both her shoulders. Why did they keep her here? Her leg burned as though the flame had already scorched the skin to ashes. She was going to die if they didn't let her go.

Tiny pellets of ice dotted her face, at odds with the heat all around her. Then a hand brushed her brow. Not like the other hands had gripped her. This one had a different touch. Light. Almost soothing. If only they would pull her away from the heat. Away from the fire eating through her leg . . . pounding through her head.

"Sshh."

Someone whimpered, or maybe that was her own cry. She pressed into that soothing hand, letting herself relish the one touch that eased the agony.

# Romantic Historical Adventure Set in the Mountains of Montana

- “I highly recommend *Misty Beller* to my readers and anyone else who is looking for adventure and romance set against a historical backdrop.”—Tracie Peterson, bestselling author of the *GOLDEN GATE SECRETS* series
- Stories of faith and romance in a wilderness setting are *Beller’s* trademark and appeal to her existing fans as well as the traditional CBA reader
- For readers of Tracie Peterson, Janette Oke, Lauraine Snelling, and Jody Hedlund

Ingrid Chastain readily agreed to accompany her father to deliver vaccines to a mining town in the Montana Territory. She never could have anticipated a terrible accident would leave her alone and badly injured in the wilderness. When rescue comes in the form of a mysterious mountain man who tends her injuries, she’s hesitant to put her trust in this quiet man who seems to have his own wounds.

Micah Bradley left his work as a doctor after unintentionally bringing home the smallpox disease that killed his wife and daughter. But his self-imposed solitude in the wilds of Montana is broken when he finds Ingrid in desperate need of medical attention, and he’s forced to face his regret and call on his doctoring skills once again.

Micah can’t help but admire Ingrid’s tenacious determination despite the severity of her injuries, until he learns the crate she brought contains smallpox vaccines to help quell a nearby outbreak. With Ingrid dead set on trekking through the mountains to deliver the medicine—with or without his help—he has no choice but to accompany her. As they set off through the treacherous, snow-covered Rocky Mountains against all odds, the journey ahead will change their lives more than they could have known.

# A Moving Novel of Redemption in the Hills of Appalachia

- “Thomas’s characters are incredibly relatable as they . . . struggle to find and hold on to love.”—*Booklist* on *The Sound of Rain*
- Follows an itinerant preacher called to bring peace to two feuding families in 1930s West Virginia
- Ideal for readers of Southern fiction and fans of Lisa Wingate, Silas House, Julie Cantrell, and Wiley Cash

Colman Harpe works for the C&O in the Appalachian rail town of Thurmond, West Virginia, but he’d rather be a preacher and lead his own congregation. When a member of the rival McLean clan guns down his cousin and the clan matriarch, Serepta McLean, taunts the Harpes by coming to a tent revival in their territory, Colman chooses peace over seeking revenge with the rest of his family.

Colman, known for an unnaturally keen sense of hearing, is shocked when he hears God tell him to preach to the McLeans. A failed attempt to run away leaves Colman sick and suffering in the last place he wanted to be—McLean territory. Nursed by herbalist Ivy Gordon—a woman whose birthmark has made her an outcast—he’s hindered in his calling by Serepta’s iron grip on the region and his uncle’s desire to break that grip. But appearances can be deceiving, and he soon learns that the face of evil doesn’t look like he expected.

EXCERPT

She slowed to take another quick look over her shoulder. Other riders had turned off, and he'd silently moved closer, his hand in his pocket like he might have a gun or some sort of weapon.

Her heart raced, threatening to explode and paralyze her.

*No.* She had to gain control.

She swallowed hard and took off running, the roughness biting into her tender skin. But didn't stop. Not even when sharp rocks cut into her flesh. Or when she heard his footfalls clearly echoing into the night, pounding closer.

Closer.

*Help. Oh, help.*

Who was going to help her? She'd made a huge mistake, and she was on her own.

She searched both sides of the narrow alley. Trash cans. Cardboard boxes. Her gaze settled on a big grate in the back wall of the fish market. She released the catches on all four corners and tugged hard. Balancing the grate, she tucked up her legs and folded her belly flat against them then wiggled backwards into the yawning duct. She clasped the steel tightly and jerked it back into place. Holding it with one hand, she dug out her phone and scrolled to the number for Taylor Mills, the deputy US marshal assigned to her protection.

The call connected. Rang. Once. Twice.

*C'mon, answer. Taylor. Please. You always do.*

Footsteps pounded down the alley, coming closer.

*No. Not yet.*

EXCERPT

The words used to describe what we'd witnessed varied, but we'd seen darkness itself in form. We referred to them collectively as the Fury, a name that felt appropriate because they were what was left when God removed his hand of protection. They were death itself, and that death could ravage not only our minds but our bodies.

We'd all seen them, erupting from the air as if they'd been waiting for a thousand years to show themselves. No one could experience what we had and not be permanently altered.

Even as the rest of the world remained in blindness, we had been given true sight to see the evil coming to destroy the earth, straight from hell, unstoppable and more terrifying than one could imagine.

Three years after we'd been given sight to see the coming scourge, and only six months after Rose had led us to the safety of Haven Valley, the Fury swarmed the earth. We didn't see them this time, but the world had gone dark and lightning had ripped jagged tears in the sky. Crackling thunder punctuated the terrible howling and screams that echoed from the hills beyond our perimeter.

But we in Haven Valley were spared as Sylous had promised.

They had come alright. And even now they were out there, beyond the red rope that kept us safe, hunting and feeding on every wayward soul, and they would continue until the whole earth was cleansed of wickedness. They had been present ten years, so maybe the purging would end soon, but not yet. Not until Sylous told Rose it was time to leave the valley and inherit a new, purified earth.

And yet Jamie had broken the law and ventured out already. And I'd helped him. What had I been thinking?

# One Bookseller Is About to Learn the Power of Words

- "In this powerful first novel . . . Bartels successfully weaves American history into a deeply moving story of heartbreak, long-held secrets, and the bonds of family."—*Publishers Weekly*, starred review, on *We Hope for Better Things*

- "Compelling characters make this a winning debut."—*Library Journal* on *We Hope for Better Things*

**R**obin Windsor has spent most of her life under an assumed name, running from her family's ignominious past. She thought she'd finally found sanctuary in her rather unremarkable used bookstore just up the street from the marina in River City, Michigan. But the store is struggling and the past is hot on her heels.

When she receives an eerily familiar book in the mail on the morning of her father's scheduled execution, Robin is thrown back to the long-lost summer she met Peter Flynt, the perfect boy who ruined everything. That book—a first edition *Catcher in the Rye*—is soon followed by the other books she shared with Peter nearly twenty years ago, with one arriving in the mail each day. But why would Peter be making contact after all these years? And why does she have a sinking feeling that she's about to be exposed all over again?

With evocative prose that recalls the classic novels we love, Erin Bartels pens a story that shows that words—the ones we say, the ones we read, and the ones we write—have more power than we imagine.

—Rachel Hauck, *New York Times* Bestselling author

- Set in a small town in Michigan, where everyone knows everyone else, even as they are searching for a way to belong

Realtor Hannah Thornton has many talents. Unfortunately, selling houses in the town where her family name is practically poison isn't one of them. When a business tycoon determines to raze historic homes in the small town of Heritage, Michigan, and replace them with a strip mall, Hannah resolves to stop him. She sets about helping Heritage win a restoration grant that will put the town back on the map—and hopefully finally repay the financial debt Hannah's mother caused the town. But at first no one supports her efforts—not even her best friend, Luke.

Luke Johnson may have grown up in Heritage, but as a foster kid he never truly felt as if he belonged. Now he has a chance to score a job as assistant fire chief and earn his place in the town. But when the interview process and Hannah's restoration project start unearthing things from his past, Luke must decide if belonging is worth the pain of being honest about who he is—and who he was.

EXCERPT

Mary Sullivan would have gone south if anyone had asked her, just as she'd preferred to go to Oregon at that fork in the dusty trail weeks before. Her brother had chosen California Alta, and now here they were in a foot of snow beside a creek with a mountain fortress before them. It had not been a good day.

"You're contrary, Mary. Of course, you'd have gone the other way. West is best," her brother told her when she mumbled about the Oregon fork they hadn't taken.

She didn't think of herself as contrary. She just had opinions, but what woman didn't?

At the top of the ridge Dr. Townsend had described, Mary Sullivan looked down upon that exquisite lake sparkling in the distance, welcoming them forward, just as that Indian had told them there'd be, just as the exploring party had seen. But she hadn't realized that fifteen miles beyond would rise a formidable wall of snow-topped mountains they'd have to find their way through.

As they'd worked going up the bluff, the animals seemed equally taxed going down toward the lake. The Sullivans' lead team, Pierre and Prince, pulled well together, and the men helped each other by putting log braces under the wheels to keep the wagons from overcrowding the oxen's heels. It was like putting the cart before the horse or, in this instance, avoiding putting the wagon before the ox. John kept Mary at a distance from the animals, but she liked to walk beside them. He allowed little Robert, only eight, and ten-year-old Michael to walk closer. But she was a woman.

- Jane Kirkpatrick has won the WILLA Award, Carol Award, and Will Rogers Gold Medallion Award for her writing
- “Kirkpatrick’s vivid, rich prose will keep readers in awe and on the edges of their seats.” —*Publishers Weekly on This Road We Traveled*
- Based on a true story of survival set in the Sierra Nevada Mountains in 1844, full of heartache and triumph

In 1844, two years before the Donner Party, the Stevens-Murphy company left Missouri to be the first wagons into California through the Sierra Nevada Mountains. Mostly Irish Catholics, the party sought religious freedom and education in the mission-dominated land and enjoyed a safe journey—until October, when a heavy snowstorm forced difficult decisions. The first of many for young Mary Sullivan, newlywed Sarah Montgomery, the widow Ellen Murphy, and her pregnant sister-in-law Maolisa.

When the party separates in three directions, each risks losing those they loved and faces the prospect of learning that adversity can destroy or redefine. Two women and four men go overland around Lake Tahoe, three men stay to guard the heaviest wagons—and the rest of the party, including eight women and seventeen children, huddle in a makeshift cabin at the headwaters of the Yuba River waiting for rescue . . . or their deaths.

Award-winning author Jane Kirkpatrick plunges you deep into a landscape of challenge where fear and courage go hand in hand for a story of friendship, family, and hope that will remind you of what truly matters in times of trial.

EXCERPT

Krista Galloway slowed down the U-Haul truck on the outskirts of Winter Hill. Should she have researched this move more carefully? Had she agreed to the contract too easily? Being hired as a city manager would definitely improve her résumé, but the small-town salary was a letdown. And what about her daughter's new school? Why hadn't Krista given this whole thing more consideration?

"Look, Mama!" Emily pointed to the WELCOME TO WINTER HILL billboard. "That sign says HOME OF CHRISTMASVILLE—what does that mean? Does Santa Claus live here?" Emily giggled like she knew better.

"What do you think?" Krista grimaced at the plywood Christmas tree alongside the welcome sign. It could use a new coat of paint.

"I know, Santa isn't really real. But are we near the North Pole? You said it snowed a lot here." Emily peered eagerly out the window.

"It does snow here," Krista confirmed. "But it's still late autumn, Emily."

"But why did that sign say HOME OF CHRISTMASVILLE?" Emily persisted.

"I'm not sure." Krista vaguely remembered someone mentioning a Christmas festival during her second Skype interview with the hiring committee, but she'd barely registered the information. And, naturally, she didn't admit that she had a general aversion to Christmas. What did that have to do with managing a small town anyway?

"Where *is* Christmasville? What is it?"

Krista felt a mixture of amusement and aggravation at her eight-year-old's dogged determination. Her little apple hadn't fallen far from the tree when it came to questioning things. "I'm not completely sure what Christmasville is," Krista admitted. "I do know that Winter Hill has an annual Christmas festival. That must be Christmasville."

"Winter Hill," Emily said dreamily. "That does sound like a Christmassy place. I'm so glad we're moving here."

“No one captures the heartwarming fun of the Christmas season quite like Melody Carlson.” —*USA Today*

- Melody’s combined sales as a novelist top seven million, and her Christmas books have sold more than 500,000
- Carlson is the recipient of many awards, including the *Romantic Times Career Achievement Award*
- Krista Galloway doesn’t like the holiday season, but her new town and an over-the-top Christmas celebration just may give her the home—and Christmas spirit—she’s been looking for

Krista Galloway is not a fan of Christmas. After her rough childhood in multiple foster homes, the holiday season just brings too many bad memories to the surface. But when she accepts a job as a city manager in the mountain town of Winter Hill, Washington, Christmas is part of the deal. The small town is famous for its Christmasville celebration, something that the city manager . . . well, manages.

As she tries to make her tiny new apartment feel like home for her and her eight-year-old daughter, Emily, Krista begins to wonder if this move was a mistake. She doesn’t always feel welcomed in the close-knit town, and Emily continually wonders, “Where’s the snow?” Can a friendly stranger and his family help restore Krista’s Christmas spirit before the big day?

Bestselling author Melody Carlson invites you to spend this holiday season in a town you’ll never forget—and never want to leave.

EXCERPT

Mollie set her thermos on her desk and took out two mugs, one for her and one for Sam, and poured one mug to the brim with hot coffee. She didn't fill Sam's mug. He hadn't come by at all this week and she wasn't sure why. She hoped it was only because his early mornings were extra busy lately, training that mare for the buggy. The saucy mare, he called her. A heap of trouble, more trouble than she was worth. Or so he said. He was smitten by that horse, Mollie could tell. Getting Sam to talk was like priming a rusty pump, but once she got him started on horse training, and even more so on that particular saucy mare, he lost that guarded look, his normal reserve, and out spilled story after story. She relished each one. Treasures.

She took a sip of coffee, thinking back to the last time she'd seen Sam. It was at the fellowship lunch following Sunday church, just after Sam's brother Luke had asked who might be interested in fostering children and Mollie volunteered. She hoped Sam's sudden busyness had nothing to do with her telling Luke that she wanted to foster a child, maybe two. Nothing was going to change her mind about that. Set in stone.

As her desk clock struck eight, she set Sam's mug back on its hook by the sink. She liked Sam Schrock, liked him quite a bit, and at times she thought there might be something growing between them. But maybe she'd been wrong about that, and maybe that was for the best. After all, as her mother continually reminded her, loving Mollie brought complications.

But you didn't come across many Sam Schrocks, that was for sure. Special.

- A riveting story of twists and turns

Detachment had worked well as a life strategy for horse trainer Sam Schrock. Until he met Mollie Graber . . .

New to Stoney Ridge, schoolteacher Mollie has come to town for a fresh start. Aware of how fleeting and fragile life is, she wants to live it boldly and bravely. When Luke Schrock, new to his role as deacon, asks the church to take in foster girls from a group home, she's the first to raise her hand. The power of love, she believes, can pick up the dropped stitches in a child's heart and knit them back together.

Mollie envisions sleepovers and pillow fights. What the 11-year-old twins bring to her home is anything but. Visits from the sheriff at midnight. Phone calls from the school truancy officer. And then the most humiliating moment of all: the girls accuse Mollie of drug addiction.

There's only one thing that breaks through the girls' hard shell—an interest in horses. Reluctantly and skeptically, Sam Schrock gets drawn into Mollie's chaotic life. What he didn't expect was for love to knit together the dropped stitches in his own heart . . . just in time.

Suzanne Woods Fisher invites you back to the little Amish church of Stoney Ridge for a touching story of the power of love.

**EXCERPT**

There was blood on the ice.

Rick Jordan jolted to a stop, gaze riveted on the crimson spots blemishing the frosty ground, fingers tightening on the disposable cup of coffee he'd just nuked.

Could his eyes be playing tricks on him in the waning afternoon light of the December afternoon?

He leaned closer.

It was blood. After all the gore he'd seen, it wasn't difficult to make a positive ID.

As he peered at the ruby-colored stains, the hair on the back of his neck snapped to attention—and since metabolic cues had saved his hide on more Night Stalker missions than he cared to remember, ignoring them would be foolish.

The blood was human.

Giving the landscape a thorough, methodical sweep, he set down the cup of java he'd picked up during his supply run to town, balancing it on the uneven ground.

No movement other than the huge flakes that had begun to sift down from the leaden sky. Apparently the blizzard warning issued this morning had been spot on. Missouri would have a white Christmas.

Nothing wrong with a Currier & Ives-style holiday—except the flakes were rapidly covering the trail of splotches on the three-day-old ice crystals from Tuesday's sleet storm.

In minutes, they'd be impossible to track.

Continuing to scan his surroundings, he removed the compact Beretta from the concealed carry holster clipped to his belt. No reason to carry when the camp was full of kids and counselors, but wandering around unarmed in winter on 650 isolated, deserted acres?

Not happening.

He might never have needed a gun in the four years he'd called this rural Missouri acreage home, but it was better to risk overkill than being killed.

And while the camp had always been a peaceful refuge for him and the hundreds of kids who visited each season, his goosed adrenaline suggested that was about to change.

# After Harper Reynolds Accidentally Captures a Murder on Camera, Will the Killer Make Her His Next Victim?

- Author has sold more than 900,000 books
- ECPA bestselling and award-winning author of more than 30 novels
- “Elizabeth Goddard knows how to grab your attention and not let go. A roller coaster ride of a story!”  
—Lisa Harris, bestselling and Christy Award-winning author of *THE NIKKI BOYD FILES*

At the advice of her therapist, homicide survivor Harper Reynolds has traded her job as a crime scene photographer for a more peaceful life taking photographs of the natural world. But her hopes for a life surrounded by the serenity of the outdoors are dashed when she inadvertently captures a murder being committed in Jackson Hole, Wyoming. She flees the scene in fear—and loses the camera.

Former Green Beret Heath McKade is a reserve deputy in an understaffed county who has been called in to protect Harper, a childhood friend he is surprised to see back in the area. When Harper learns that the sheriff's department can't find any evidence of the murder she witnessed, she is determined to do what she can to see that justice is done. What neither Harper nor Heath could know is how many explosive secrets from the past will be exposed—or how deeply they will fall for each other.

In this suspenseful page-turner, bestselling author Elizabeth Goddard keeps you on the edge of your seat as you discover that uncommon justice lies just on the other side of fear.

What she doesn't realize is that the leader of the expedition is none other than the man she once refused to marry.

Captain Ben Coleridge would like nothing more than to leave without the woman who broke his heart, but he refuses to wait even one more day to get started. This survey is a screen for another, more personal mission, one he cannot share with any member of his team.

As dangers arise from all sides, including within the survey party, Meg and Ben must work together to stay alive, fulfill their duties, and, just maybe, rekindle a love that neither had completely left behind.

 —Foreword Reviews on *The Sound of Distant Thunder*

- A young Amish family in Weaver’s Creek must deal with loss and heartbreak, finding ways to heal and love again
- Author’s family heritage includes Amish, Mennonite, and Brethren settlers in Pennsylvania
- Will appeal to readers of Janette Oke

Ruby Weaver’s curly red hair isn’t the only thing that sets her apart from her Amish community in 1863. Twenty-eight and single, Ruby doesn’t believe a woman needs to be married in order to be happy. Her ailing friend Lovinia Fischer, however, has other ideas and wants Ruby to promise to marry her husband after she dies. Never imagining she’d have to fulfill that vow, Ruby agrees. And she’s not the only one. Lovinia has extracted a similar promise from her husband, Gideon.

With both Ruby and Gideon reluctant to keep their promises, a compromise must be reached. Ruby will spend her days with Gideon’s family—helping to raise the children and keep the house—but her nights will be spent at her sister’s neighboring house. But this arrangement raises eyebrows in their conservative Amish community, and it soon becomes clear that Ruby must make a decision—marry Gideon or turn her back on her friend, the children she’s grown to love . . . and their father.

EXCERPT

She pressed the gas a little harder, focusing on the road in front of her and not the darkness surrounding her.

A sudden impact from behind threw her forward. Callie screamed as the car swerved and she jerked the wheel to keep the tires on the road. Heart pounding, she managed to right the vehicle only to feel the second slam, this time to her left rear.

Again her car headed for the edge of the road. Callie didn't have to see the drop-off to her right to know that if she went over, she was dead. Fighting the force of the hit, she pulled on the wheel and nearly stood on the brake. Tires squealed and tried to grip the asphalt. The vehicle shuddered to a stop and shut off.

Her attacker shot past her and Callie saw the brake lights come on. He was coming back?

Tremors shook her. She twisted the key and the engine ground, but didn't catch. She tried again. And again. The car in front of her had turned around and was heading back toward her.

"No," she whispered. She grabbed her purse and scrambled out of the passenger door. The cold hit Callie hard, stopping her for a split second. Her heavy winter coat rested on the backseat. She looked back at the car that had hit her, now idling in the middle of the road. The driver's door opened, but the interior light didn't come on.

The attacker planned to continue the chase.

Callie ran to the back of her car and crouched behind it. Darkness covered her, and she hoped he couldn't see her. At the trunk, she paused, her pulse thundering in her ears. *Think, think.*

Footsteps.

He was coming for her.
