ABUELITA FE

Lo que las mujeres marginadas nos enseñan acerca de la sabiduría, la perseverancia y la fortaleza

Kat Armas

A Masterful Work of Wisdom and Theology--Now in Spanish!

- Armas hosts *The Protagonistas* podcast and speaks at churches and universities
- Author has written for *Sojourners*, *Relevant*, *Christians for Biblical Equality*, and *Missio Alliance*
- Author shares her story of growing up as a second-generation Cuban American

Kat Armas grew up on the outskirts of Miami's famed Little Havana neighborhood. Her earliest theological formation came from her grandmother, her abuelita, who fled Cuba during the height of political unrest and raised three children alone after her husband passed away.

Abuelita fe combines personal storytelling with biblical reflection to highlight unnamed and overlooked theologians--mothers, grandmothers, sisters, and daughters--whose sacred wisdom teaches us something unique about spirituality and God. Armas's exploration of abuelita theology will help people of all cultural and ethnic backgrounds reflect on the abuelitas in their lives and ministries and on ways they can live out abuelita faith every day.

"[A] powerful debut. . . . This persuasive testament will appeal to Christians interested in the lesser-known women of the Bible."--*Publishers Weekly*

LOW ANTHROPOLOGY

*The Unlikely Key to a Gracious View of Others
(and Yourself)*

David Zahl

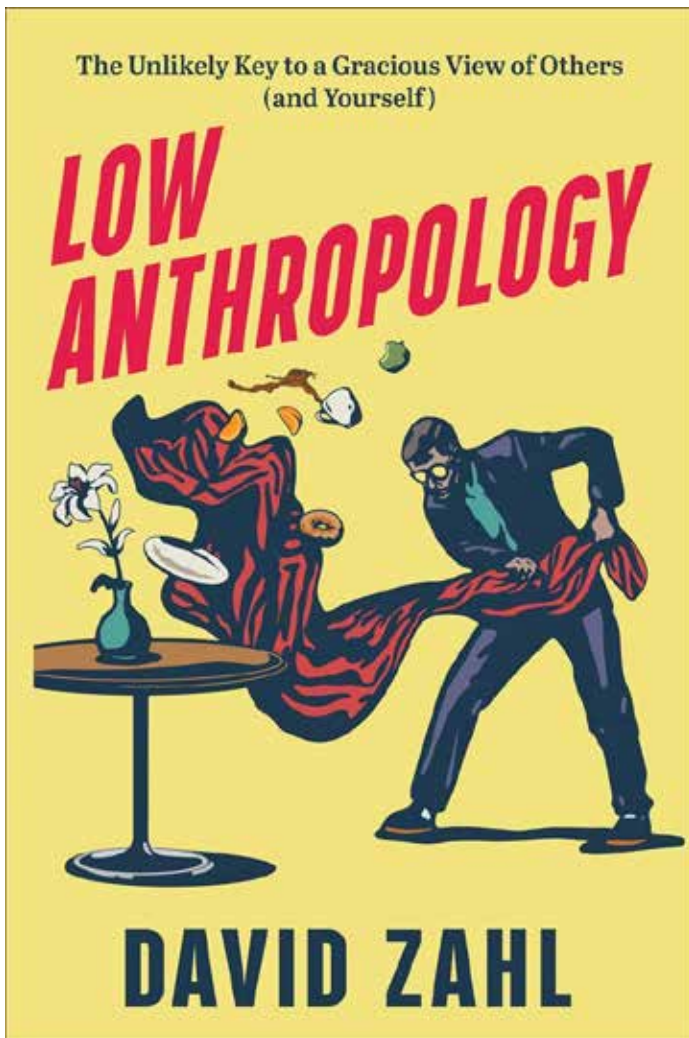

How Realistic Expectations Lead to Grace for Others--and Ourselves

- Zahl is founder and director of Mockingbird Ministries, editor in chief of the *Mockingbird* blog, and cohost of the *Mockingcast* podcast
- Author wrote the acclaimed book *Seculosity*
- Author has written for *Christianity Today*, the *Washington Post*, and *The Guardian*

Many of us spend our days feeling like we're the only one with problems, while everyone else has their act together. But the sooner we realize that everyone struggles like we do, the sooner we can show grace to ourselves and others.

In *Low Anthropology*, popular author and pastor David Zahl explores how our ideas about human nature influence our expectations in friendship, work, marriage, and politics. We all go through life with an "anthropology"--ideas about what human beings are like, our potentials and our limitations. A high anthropology can breed perfectionism, anxiety, burnout, loneliness, and resentment. Meanwhile, Zahl invites readers into a biblically rooted and life-giving *low* anthropology, which fosters hope, deep connection with others, lasting love, vulnerability, compassion, and happiness.

Zahl offers a liberating view of human nature, sin, and grace, showing why the good news of Christianity is both urgent and appealing. By embracing a more accurate view of human beings, readers will discover a lasting hope for others--and themselves.

Many Christians are disconnected from the past or imagine they are "above" history, immune to it, as if self-starters from clean slates in every generation. They suffer from a lack of awareness of time and the effects of history—both personal and collective—and thus are naive about current issues and fixated on the end times.

Popular speaker and award-winning author James K. A. Smith shows that awakening to the spiritual significance of time is crucial for orienting faith in the 21st century. He encourages us to cultivate the spiritual discipline of *memento temporis*, a temporal awareness of the Spirit's presence—indebted to a past, oriented toward the future, and faithful in the present. To gain spiritual appreciation for our mortality. To synchronize our heart-clocks with the tempo of the Spirit, which changes in the different seasons of life. Integrating popular culture, biblical exposition, and meditation, Smith provides insights for pastoring, counseling, spiritual formation, politics, and public life.

Which news stations should I watch to be a responsible news consumer? How do I know what is true and whom I can trust? What can I do to combat all the misinformation and how it's impacting people I care about?

Many Americans are agonizing over questions such as these, feeling unsure and overwhelmed in today's chaotic information environment.

American life and politics are suffering from a raging knowledge crisis, and the church is no exception. In *Untrustworthy*, Bonnie Kristian unpacks this crisis and explores ways to combat it in our own lives, families, and church communities.

Drawing from her extensive experience in journalism and her training as a theologian, Kristian explores social media, political and digital culture, online paranoia, and the press itself. She explains factors that contribute to our confusion and helps Christians pay attention to how we consume content and think about truth. Finally, she provides specific ways to take action, empowering readers to avoid succumbing to or fueling the knowledge crisis.

Many American Christians have good intentions, working hard to welcome immigrants with hospitality and solidarity. But how can we do that in a way that puts our immigrant neighbors first rather than pushing them to the fringes of white dominant culture and keeping them as outsiders? That's exactly the question Karen González explores in *Beyond Welcome*.

A Guatemalan immigrant, González draws from the Bible and her own experiences to examine why the traditional approach to immigration ministries and activism can be at best incomplete and at worst harmful. By advocating for putting immigrants themselves in the center of the conversation, González helps readers grow in discipleship and recognize themselves in their immigrant neighbors.

Accessible to any Christian who is called to serve immigrants, this book equips readers to take action to dismantle white supremacy and xenophobia in the church. They will emerge with new insight into our shared humanity and need for belonging and liberation.

BRAZOS THEOLOGICAL COMMENTARY ON THE BIBLE

Kimlyn J. Bender

New in the Acclaimed Brazos Theological Commentary on the Bible Series

- A leading theologian reads and interprets Scripture for today's church
- Serves as an aid for preaching, teaching, and study groups
- Provides guidance for reading the Bible under the rule of faith

The Brazos Theological Commentary on the Bible advances the assumption that the Nicene creedal tradition, in all its diversity, provides the proper basis for the interpretation of the Bible as Christian scripture. The series volumes, written by leading theologians, encourage readers to explore how the vital roots of the ancient Christian tradition inform and shape faithfulness today.

In this addition to the series, respected theologian Kimlyn Bender offers a theological reading of 1 Corinthians. As with other volumes in the series, this commentary is designed to serve the church, providing a rich resource for preachers, teachers, students, and study groups. It demonstrates the continuing intellectual and practical viability of theological interpretation of the Bible.
