HOPE FOR UKRAINE

Stories of Grit and Grace from the Frontlines of War

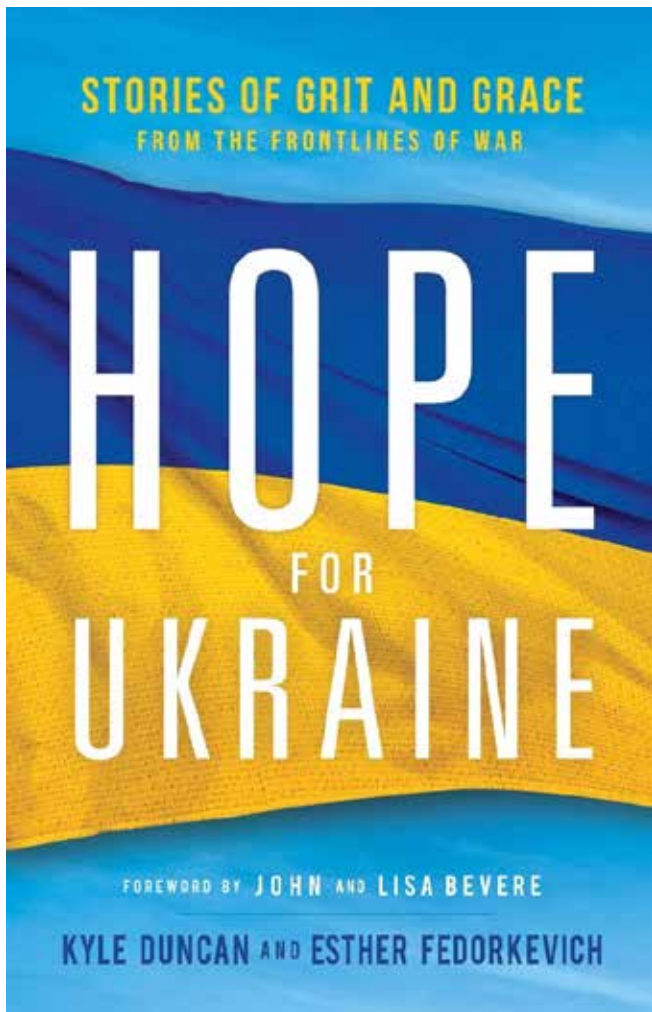

Kyle Duncan and Esther Fedorkevich

Amazing Firsthand Accounts of God's Presence amid the War in Ukraine

- True stories of God's miraculous workings amid tragedy
- Interviews and sidebars highlighting the dynamics and drama of the conflict
- Foreword by John and Lisa Bevere

Part narrative, part wartime dispatch, *Hope for Ukraine*--written by the father of an adopted Ukrainian son-- transports you into the gritty reality of war-torn Ukraine and the frontlines of God's miraculous intervention. From the refugee camps and border crossings to the homes of Ukrainian residents whose neighborhoods are being bombed to the microvan full of orphans fleeing Russian tanks--these stunning firsthand accounts prove that nothing, not even the fear and horrors of war, can separate us from the miracle-working love of God.

Along with sharing dramatic "boots on the ground" stories, this book also takes you into the heart of the conflict, revealing the spiritual implications of Russia's invasion, what the responsibility of the Church is, and what the Holy Spirit is saying in these unprecedented times. As the world holds its collective breath, God has a redemptive plan--for Ukraine, for those displaced by war, and for you. It's time for the Church to rise up in boldness and take our place in his unfolding story.
