BLUEPRINT FOR BELONGING

The 5 Relationships Jesus Needed and Why You Need Them Too

Alli Patterson

Redesign Your Relationships for Deeper Connection

- Author is a teaching pastor at Crossroads Church, which has a national weekly reach of more than 500,000
- For readers of Lisa Harper, Jennie Allen, and Lisa Whittle
- "A trusted guide through Scripture."--Lisa Harper

Humans are deeply relational at our core, yet most of us go through life without the relationships we want and need to feel fulfilled. Despite technology that allows for more connection than any previous generation, our culture is drowning in loneliness. Why? Rather than a certain *number* of relationships, we need certain *types* to fulfill our soul. Building a relational world according to a divine design is what will offer the deep sense of belonging we desire.

Mining the gospels for insight, pastor and author Alli Patterson unveils the five realms of relationships, cultivated by Jesus, that we still need today: core, circle, comrades, community, and crowd. Alli compassionately takes readers through a (pen to paper) redesign of their own relational world according to the blueprint found in the life of Jesus. She shows what authentic, restorative relationships within each of these levels are like to help readers invest in connections that will truly satisfy their souls.

When a baby is on the way, everyone gets excited, including the little girls and boys who will have a new baby brother or sister to teach, play with, and care for. But sometimes things don't work out as expected. Sometimes a baby doesn't thrive. Sometimes they die and sometimes they can't even be born.

Such a loss is hard on everyone--especially young children who wonder what happened to their baby brother or sister. Where are they now? Are they safe? Do they feel sad too? What about all the wonderful things they would have done if they had lived? Will they get to do them in heaven?

After her sister's family suffered the loss of a baby, bestselling author Annie F. Downs wrote a story for her nephew, Sam, about where his baby brother TJ went. Beautifully illustrated by Jennie Poh, *Where Did TJ Go?* helps grieving families explain what happened and what kind of experiences a child might be having in heaven with the God who loves them and makes everything good in its time. Tender and sincere, this story doesn't shy away from the hurt even as it offers comfort and hope to those left behind.

GOD, CAN WE CHAT?

A Daringly Honest Guide to Growing Closer to God, One Doubt at a Time

Niki Hardy

Transform Your Faith by Embracing Your Doubts

- Author's combined social media and email reach is more than 30,000
- Trusted Bible teacher offers practical steps to embrace your doubt's potential to build and strengthen your faith
- Foreword by Asheritah Ciuciu

When we find ourselves at the crossroads of doubt and faith, distant from God and worried our faith is slipping away, it's hard to know where to turn.

Some books tell you why your faith still holds true, and despite your growing unease, they insist you hold on to and even find certainty in what you've been taught. This isn't one of those books. Yes, our questions hold power. But rather than destroying or weakening our faith, they build and strengthen it--one honest chat at a time.

God, Can We Chat? invites you to take Jesus at his word when he calls you to come as you are right now--a doubting believer or perhaps even a believing doubter--to experience the intimacy and rest your soul craves in the midst of fear, doubt, anger, or confusion. Rather than attempting to answer all your questions or settle ongoing theological debates, author Niki Hardy helps you see doubts not as the end of your faith but as the beginning of an honest and fearless relationship with God--the one who is not threatened by our questions and who calls us not to unwavering belief but unrelenting love.

Mary Marantz

Stop Second-Guessing and Learn to Move Forward Despite the Fear

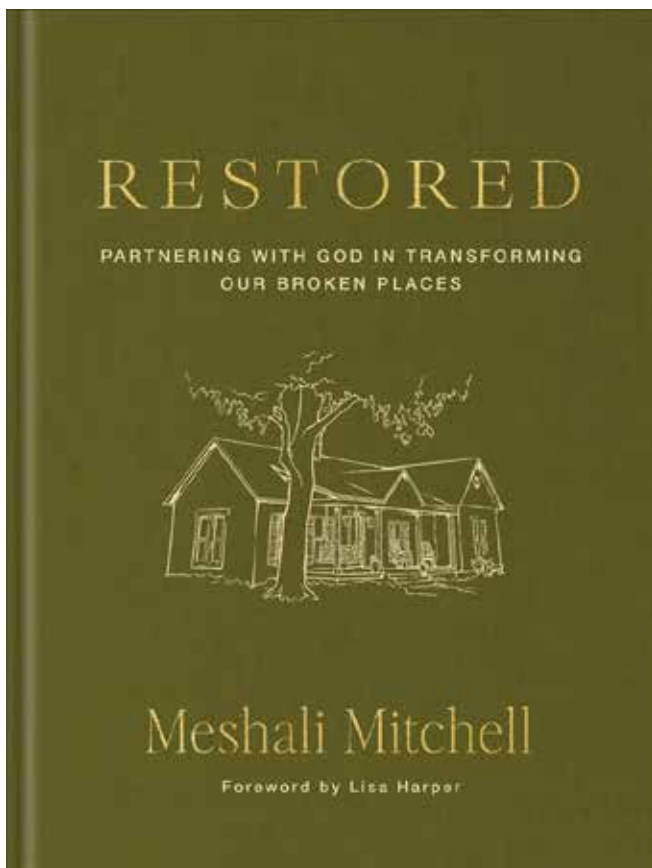

- Foreword by Sharon McMahon
- Author's debut memoir, *Dirt*, was an ECPA bestseller
- Growing social media and digital platform of more than 200,000

It's all been done. I can't start until it's perfect. What if the critics come? What if I start and then can't follow through? What if my voice doesn't matter? What if I don't actually matter? What if it's already too late?

Sound familiar? Do you find that year after year you stay stuck in the same tired, broken scripts fear uses on all of us?

It's time for a wake-up call. Because so often when faced with the choice between creating nothing and creating failure, we choose nothing. Another year goes by. The clock goes on ticking. And the world is worse for our absence. It's time to move from *stuck* to *start*.

This book does the heavy lifting to dismantle all the lies fear uses, move you out of an endless spiral of your own excuses (not to mention other people's opinions), and bring you right up to a threshold of no return--this place where we become people who *feel* the fear and move forward anyway. With equal parts powerful prose and tactical action steps, *Underestimated* will become the essential go-to field guide for anyone who is ready to once and for all quit playing small.
