Parents everywhere face the same issues. We all want to raise kids *with* character instead of kids who *are* characters, but we often don't get quite what we expect. However, there *is* a way to rear a successful child in today's entitled world, a son or daughter who will wisely and confidently blaze a unique trail into adulthood. But the secret of that success starts with you, parent. No one else will do.

Want children who are patient and kind, humble and thankful, and respectful of you, themselves, and others? Who have a hard work ethic, not giving up until a job is done, even if others say it's impossible? Who succeed in all areas of life—personally, professionally, and relationally—to the best of their ability?

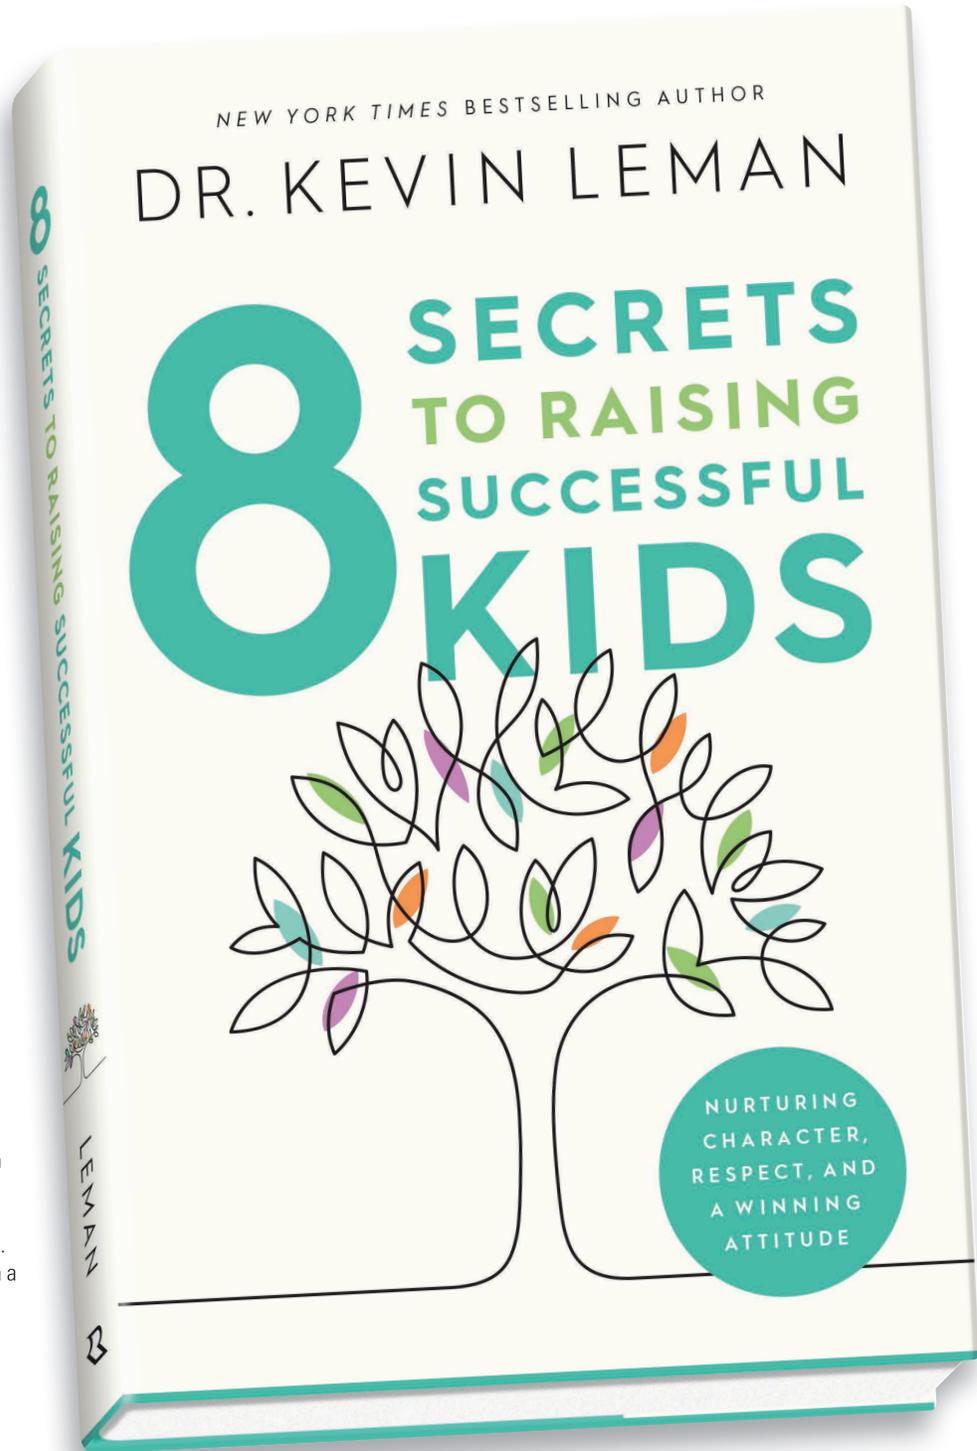

You can't force your kids to be grateful for everything you do, but you can raise successful kids with a healthy self-image and good doses of responsibility and accountability. These children will grow into adults you can be proud of and who stay even-keeled in life's stormy seas, even acting as ship captains for others.

There's a bonus too. Down the road, those children will *want* to return home to you, with perhaps a partner or a cherub or two in tow. Then, oh, the rollicking stories you can tell around that family dinner table to your grandkids.

Trust me, I know. I've got five kids and four grandkids circulating in and out of my beloved bride Sande's and my home in Arizona, livening up the atmosphere. It doesn't need to be a holiday, a birthday, or any special occasion for them to return home. They come just because they can and they want to.

So keep turning the pages of this book. It *is* possible to raise a successful child in a "whatever" generation.

I guarantee it.

- Author speaks more than 50 times a year at men's retreats and conferences
- Author is a John Maxwell certified life coach, ordained pastor, and credentialed outdoorsman
- He has toured with Grammy Award-winning artists, including Steven Curtis Chapman and Sandi Patty

Every boy has dreams of the man he will become—exploring the world, fighting the enemy, and being dangerous for good. He imagines himself as the hero, the expert, the one others look up to. Then somewhere along the way, the lies of the enemy knock him down, his dreams are shattered, and he loses purpose as the enemy attempts to rob him of his true identity.

In this hard-hitting book, world-class hunter, adventurer, and popular speaker Brent Henderson takes men on a journey to some of the most dangerous and deadly places on earth. Along the way, he helps each man discover that the most powerful force in the universe can be found in his spirit, where God resides. He shows men how to recover what's been lost by answering their biggest questions: *Who am I really? Where does my value come from? and Am I enough?*

The perfect gift for Father's Day, *The Roar Within* will set men free and equip them to live lives of purpose, courage, and confidence.

It's easy to look at other moms and think they are killing it at motherhood, when in reality they are struggling and doubting themselves just like you. Before we even get started, I need you to know something: I love my kids but I have not always *loved* or *liked* being a mom.

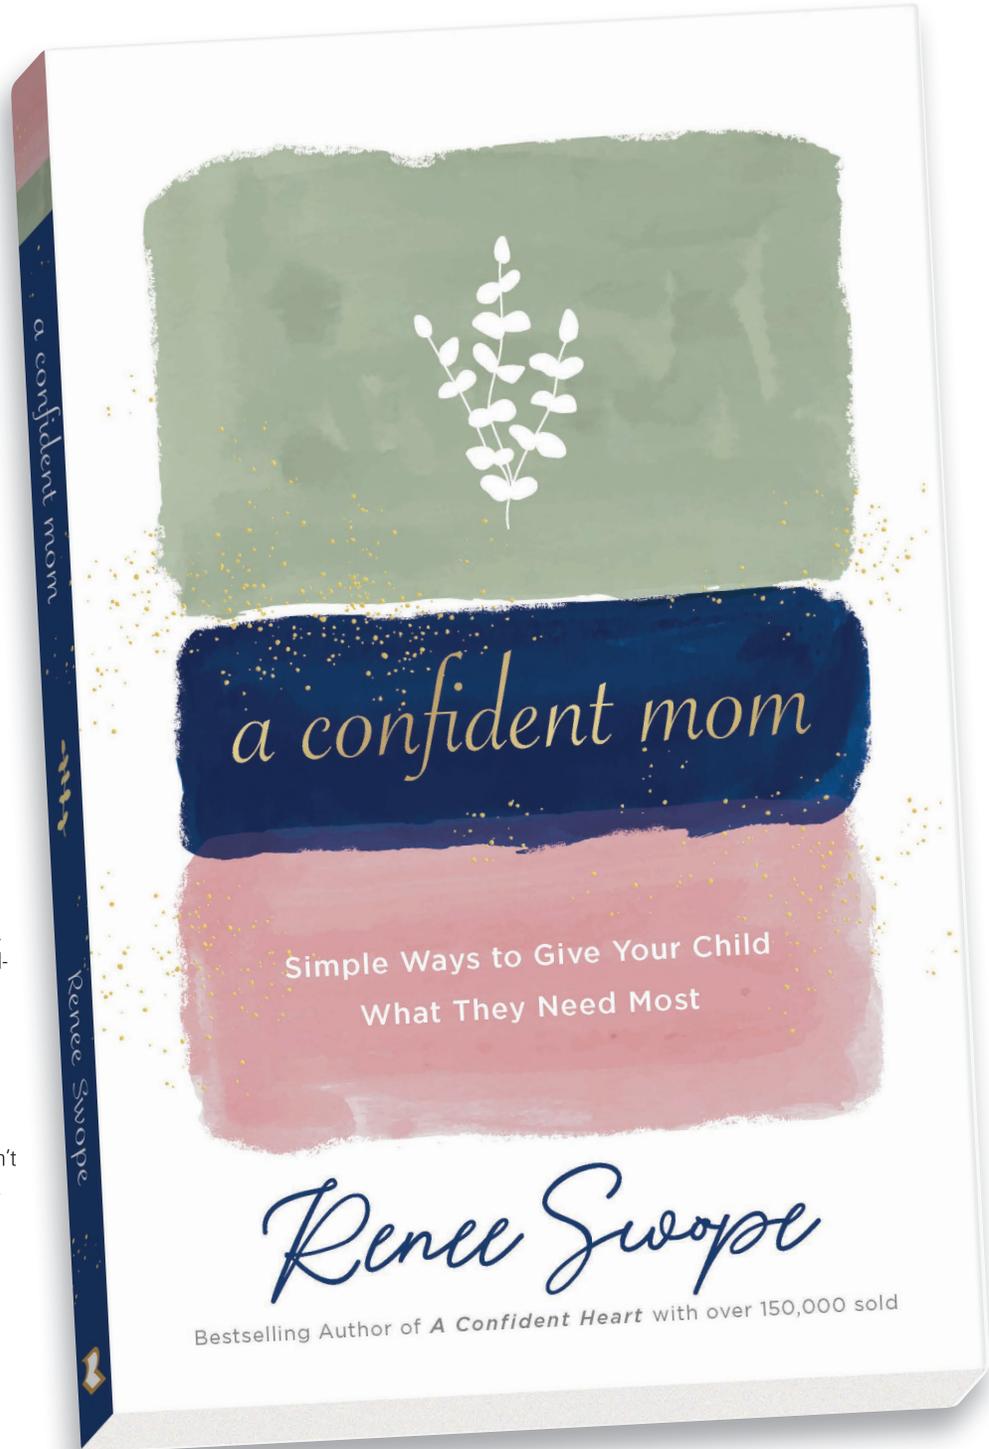

When my boys turned into toddlers who wouldn't listen, I panicked inside. All the other moms looked like they knew what they were doing. Secretly, I wondered, *What is wrong with me?*

I was young and my expectations were high. Almost daily, I compared the failure I felt like on the inside to other moms "all together" image on the outside.

One afternoon, I filled my journal with scribbled words, tears, and prayers. I was ready to quit. It had been a hard day, running too many errands with two small children. No matter how many times I told my five-year-old he needed to be content and said, "No I am not buying you any toys!" he was not content. Then he started climbing in and out of the shopping cart to entertain himself and possibly to annoy his little brother. When I threatened him with consequences, he smiled and sat quietly in the cart, for about sixty seconds.

... When we got to the checkout line, that led to more begging for pocket-sized-toys, bubble gum and candy bars strategically placed at eye-level for all sizes of children. Could it get any worse?

After I got the boys fed and down for naps, I decided to it was time to convince J.J. to fire me as a mom. But after I thought about it, I knew he wouldn't cooperate, so I decided to find some pink construction paper in our craft box and write "I QUIT!" and turn in my own pink slip.

It's easy to compare yourself to other moms and set unrealistic expectations that make you doubt you're doing enough. You need hope and encouragement to help you find a new place to start on the days you're tempted to quit!

Sharing vulnerable stories of her own struggles and doubts, award-winning author, popular speaker, and mom of three Renee Swope is a friend, cheerleader, and mentor who will come alongside to help you find purpose and meaning in the challenges and adventures of motherhood. The Bible uses the word *Christian* to describe followers of Jesus a grand total of three times. But there's another identifier that fills the pages of the New Testament—a word we've mistakenly reserved for the halo-wearing elite, losing something profound in the process.

*Saints.*

Wrapped in this ancient word is a divine invitation to discover who God created you to be and awaken to the life you were meant to know. Using Scripture and stories from his own experience, Addison Bevere makes a compelling case that the life you desire is found in the mystery of this sacred identity.

If you want to exchange lifeless religion for the wonder of following Jesus, this book will spur you onward in your journey. Now in paper.

I love hearing your ideas and dreams for the future!

Life has a way of beating dreams out of young men. That's why he needs to know you're genuinely interested in his ideas, aspirations, and thoughts about impossible deeds. When I was young, I thought I would be a policeman, a cowboy, a boxer. . . you name it, and I thought about being one of those! Kids have all kinds of wonderful, wild, crazy thoughts. Then they become teenagers and still have them. Don't be the parent with all the reasons 'why not.' Be the parent who invites conversation about the possibilities.

I still remember talking with my mother when I was eighteen about my "plans"—my big plans to become a professional boxer. Inside, she was probably thinking, "I don't want my son to have his brains bashed in!" But she just sat there, smiling, listening with rapt interest as I told her all about it. (It's Sugar Ray Leonard's fault!) The only problem was . . . well, just about everything! But that didn't make her stomp on my thoughts. If I was excited about it, she was excited to hear about it. And, to this day, I have an untarnished record as a boxer! W-0, L-0. Haha! Thanks, Mom!

No, I didn't get into the ring, ever, and that "dream" floated into thin air along with so many others. Your son was created with a dream to become a hero, fight a battle, climb a mountain, and cross a sea to the unknown, uncharted waters.

# How One Woman's Search for Answers Exposed a Baby-Selling Ring

- There is a strong and growing interest in true crime stories throughout America
- The author recently appeared as investigative lead on the TLC docuseries *Taken at Birth*
- This book combines compelling personal stories with a true crime investigation into baby trafficking

From the 1940s through the 1960s, young pregnant women entered the front door of a clinic in a small North Georgia town. Sometimes their babies exited out the back, sold to northern couples who were desperate to hold a newborn in their arms. But these weren't adoptions—they were transactions. And one unethical doctor was exploiting other people's tragedies.

Jane Blasio was one of those babies. At six, she learned she was adopted. At fourteen, she first saw her birth certificate, which led her to begin piecing together details of her past. Jane undertook a decades-long personal investigation to not only discover her own origins but identify and reunite other victims of the Hicks Clinic human trafficking scheme. Along the way she became an expert in illicit adoptions, serving as an investigator and telling her story on every major news network.

*Taken at Birth* is the remarkable account of her tireless quest for truth, justice, and resolution. Perfect for book clubs, as well as those interested in inspirational stories of adoption, human trafficking, and true crime.

# Discover the Influence You Can Have through Your God-Given Strengths

- **(in)courage has a social media reach of over 1.5 million, and DaySpring has over 3.4 million**
- **Combined 700,000 email list between (in)courage and DaySpring**
- **Six-session study designed for both individual and small group use**

In today's social media-saturated world, the word *influence* conjures up images of beautifully curated Instagram feeds or women who lead from the stage and have thousands of followers. It's measured by the number of likes and shares and how well we can get people to imitate us. Influence has almost become synonymous with fame and power, and if we're honest, many of us long to have it.

But in its purest form, influence is simply the capacity to affect change on someone. It is the ability to impact others for a certain purpose. And from a biblical perspective, influence is the right and responsibility of everyone who follows Christ.

*Courageous Influence* will guide you in the journey of living the impact you were made to have through this six-session study. Let's turn the world's idea of influence on its head and become the courageous women of influence God calls us to be.

# Wisdom and Practices for Holding on to Hope in a Chaotic World

- Will appeal to readers of Emily P. Freeman and Shauna Niequist
- Author is a gifted communicator and frequent speaker at women's events such as MOPS
- Offers simple practices to help readers experience hope

When we are in the darkness—whatever that is in our own particular story—the temptation is to believe that it's over, it's always going to feel this way, we will never be anywhere else or feel anything other than we do now. We fear the darkness, and for good reason. But it is in the darkness that new life begins.

With an openhanded spirit and openhearted vulnerability, Leeana Tankersley reveals the darkest chapter of her own story, the thing she never thought would happen and could do nothing to prevent. Along the way she shares how waiting patiently in the darkness allowed something incredible to take root within her: a defiant and hard-won hope that is not dependent on happy endings.

If you have lost your faith, your family, your health, your home, your security, your business, or your very self, Leeana wants you to know that you are not alone or forgotten. You are not doomed to stagnation or stasis. You are not worth less than you once were. Against every last odd, you can hope anyway.

Overcome Fear for Good

The Bible calls us to not be afraid, and of course we all *want* to live without fear. But how?

Using her own story as a catalyst, Maria Furlough shows you *how* to overcome fear for good. She calls you to make a list of your fears, to choose to bring those fears to God rather than acting on them, and to trust God with the future. She shows how when we give God full control over our lives, choosing his sovereignty over our own ability, we can break the cycle of fear, grow through suffering, and trust God to fulfill his promises of protection and peace.
