Guilt has defined Luke Dempsey’s life. But it was self-destructiveness that landed him in prison. When his friend and fellow inmate lay dying shortly before Luke’s release, the older man revealed he left a string of clues for his daughter, Finley, that will lead her to the treasure he’s hidden. Worried that she won’t be the only one pursuing the treasure, he gains Luke’s promise to protect her until the end of her search.

Finley Sutherland, owner of an animal rescue center and defender of lost causes, accepts Luke’s help with the treasure hunt while secretly planning to help him in return by coaxing him to embrace the forgiveness he’s long denied himself.

As they draw closer to the final clue, their reasons for resisting each other begin to crumble, and Luke realizes his promise will push him to the limit in more ways than one. He’ll do his best to shield Finley from unseen threats, but who’s going to shield him from losing his heart?

EXCERPT

The bell on the door rang as I stepped into the warm day. Spring had unfolded its gentle arms around Williamsburg, and like any good embrace, it tried to warm my soul and comfort me. Yet little had given me solace lately—both here and in my other path.

I walked with purpose toward the capitol, taking note of the people passing me. As the editor for the *Virginia Gazette*, it was my job to know as much as possible about the people and the events transpiring in and around Williamsburg. I had to fight to learn the news, since I was rarely invited to the gatherings my male counterparts attended. But no matter how much they learned, I knew so much more than any of them could ever imagine about the events that would soon transpire.

I knew these things because I lived two lives simultaneously—one in 177 and one in 1914. When I fell asleep in one path, I woke up in the other, moving back and forth, with no time passing in either life while I was away. It had been this way since I was born. But all of that would change on my twenty-first birthday when I would be given the choice to forfeit one path and stay in the other forever.

I already knew which one I would choose.

Brand-New Sweeping Historical Time-Travel Series from Debut Author

- Heroine lives across two time periods and is faced with the decision of choosing one life and forfeiting the other
- Meyer writes for *Love Inspired* and *Guideposts* and has garnered a loyal fan base on social media
- Meyer fell in love with history while working at the Minnesota Historical Society, and her stories are rich with historical detail

Libby has been given a powerful gift: to live one life in 1774 colonial Williamsburg and the other in 1914 Gilded Age New York City. When she falls asleep in one life, she wakes up in the other without any time passing. She has one conscious mind but two very different lives and bodies.

In colonial Williamsburg, Libby is a public printer for the House of Burgesses and the Royal Governor, trying to provide for her family and support the Patriot cause. The man she loves, Henry Montgomery, has his own secrets. As the revolution draws near, both their lives—and any hope of love—are put in jeopardy.

Libby's life in 1914 New York is filled with wealth, drawing room conversations, and bachelors. But the only work she cares about—women's suffrage—is discouraged, and her mother is intent on marrying her off to an undesirable English marquess. The growing talk of war in Europe further complicates matters and forces her to make sacrifices she never imagined.

On her twenty-first birthday, Libby must choose one path and forfeit the other forever—but how can she possibly choose when she has so much to lose in each life?

There was a commotion in the foyer below. A last quick twist of her auburn hair, a couple of pins, and Lillian was ready to join the rest for dinner. Walter was expected, as well as Lemuel and Harrison. She wondered which of them had just arrived.

But as Lillian descended the stairs, she realized the sounds were not a joyful welcoming of guests. Her pace quickened.

"I don't know. That's all they said." The voice was Harrison's, and he was breathing hard. And then Miss Tilly's answer came more calmly. "Where'd ya see 'em, son? How far down the road?" Lillian rounded the corner to the landing, eyes sweeping the foyer. Grace was already throwing a coat around her shoulders, and Ben and Walter were pushing their feet into boots.

"What's happened?"

"Oh, sis, they've gone. The pair of them. It seems they've run away."

Instantly, Lillian knew without asking which of the children would attempt such a desperate act.

"They went together?"

"Yes, yes," Grace answered.

"Stay here. We'll get the car started and search for them."

She paused at the door, turning back to instruct, "Pray for us, please. Pray for them! It's so dark out with the storm moving in. It'll take an act of God to find them tonight."

Bestselling Duo Concludes Series Attached to a Hallmark Channel Favorite

- “The Okes’ novel delves into the plight of thousands of Home Children who were shipped from England to Canada and beyond, from about 1870 to 1930. . . . Heartwarming and inspirational.”—Historical Novels Review on *Unyielding Hope*

- Hallmark has continued to rebroadcast the series on various channels, increasingly expanding awareness and enthusiasm

Lillian Walsh and Grace Bennett have learned so much already about caring for children in distress. It hasn't been an easy task, but suddenly they discover that two of their kids have run away. And, inexplicably, Lemuel has gone with them. Concerned for the trio's safety, the sisters will do all they can to try to find the children.

But the runaways are not the only ones who've put the future of their children's home in question. Father is finally home again—and Delyth has come with him. Lillian herself is faced with choosing between her dreams with fiancée Walter and her commitment to her sister. Steady Ben Waldin is keen to find where his family settled in Canada and to give little Janie a place to permanently call home. Just where that search will take him and what it will require may be more than he's ready for.

As they all struggle to determine their paths forward, each begins to realize that sometimes loving well means making difficult choices.

EXCERPT

Dear Anders and Josephine,

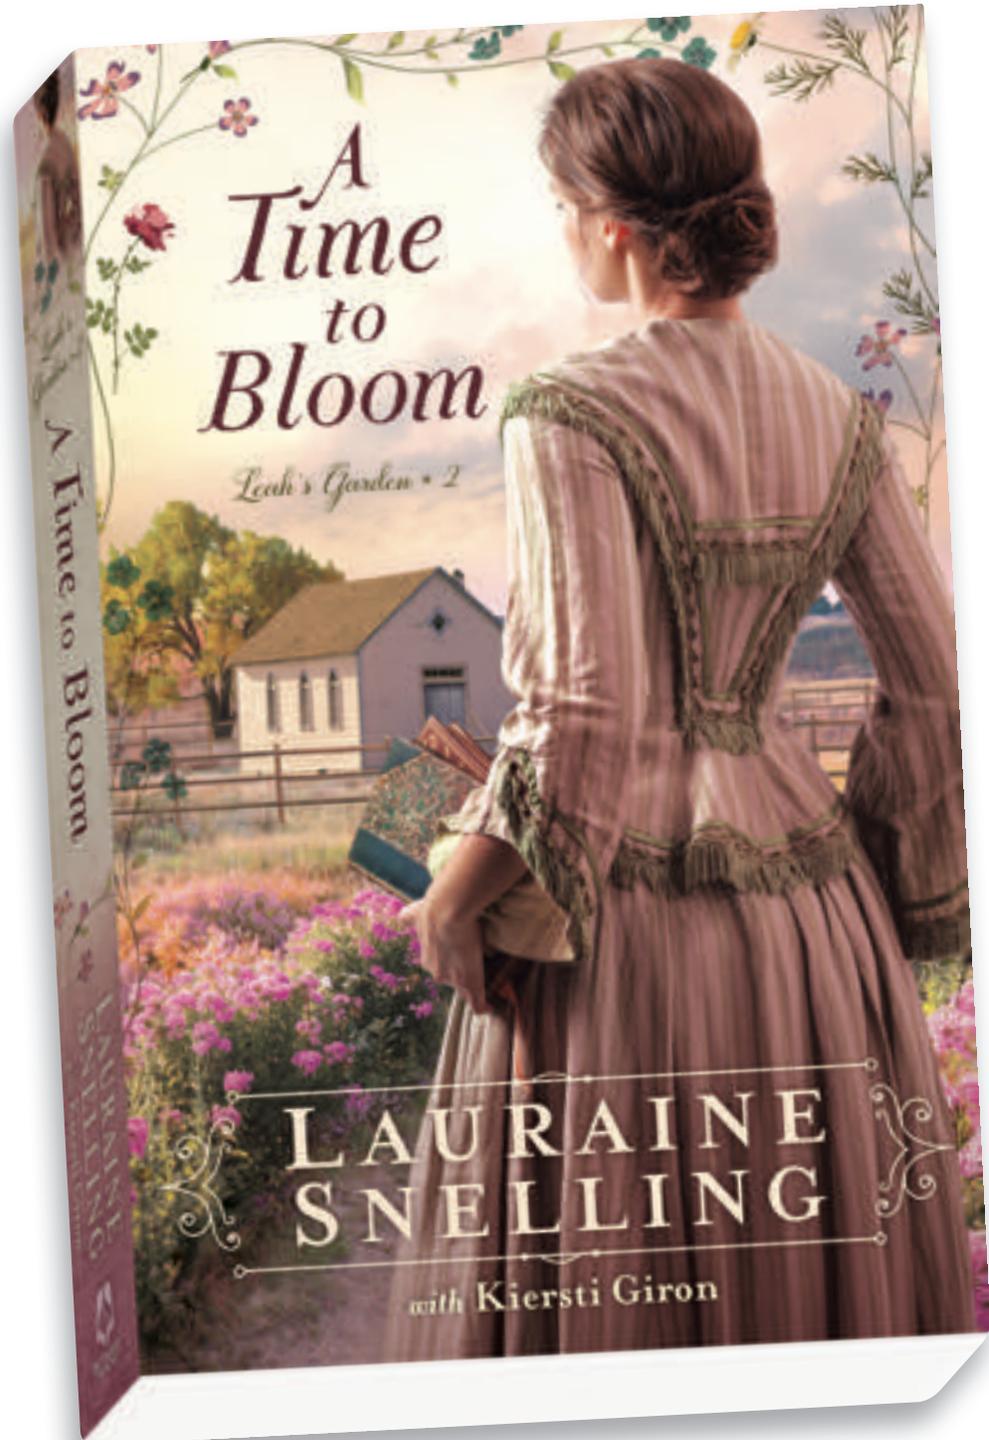

The big news here is the railroad tracks are being laid through Salton and on west. They plan to dig the well this week for the water towers, so Salton will be the first water stop after Lincoln. Building a station is high on the discussion list.

We have an idea—not that we don't have enough work as it is—to build and open a boardinghouse with a café. There is such a need for housing both for those working here now and others who are coming. We thought that since the wagon trains are less frequent, we'd have fewer visitors, but the train tracks are bringing more change. Anyway, we are hoping you will share our interest in a boardinghouse and invest in building materials and the other expenses of opening such an enterprise. Leah's Garden is still our primary interest and dream, but like Lark keeps reminding us cash flow is critical. My teaching is the only real money we have coming in, and Lark says her purse is thinning down.

I hope and pray that all is well for you back there.

Your sisters,

Del, Lark, Lilac, and Forsythia

Master of Historical Fiction Continues Her Winning Formula

- Snelling’s name frequently adorns bestseller lists
- Author’s books have sold more than 5 million copies
- Depicts the story of four Norwegian sisters trying to make a life and provide for themselves on the Nebraskan frontier

The Nielsen sisters have accomplished much in the past year, traveling west and settling in Nebraska. They are on their way to rebuilding their mother’s garden, and their excitement only grows when they receive a letter from their brother Anders saying he’s coming to visit with a friend from the war. However, none of that can mask their concern that they are quickly running out of money. Del’s work teaching in town offers hope, not only to support her sisters but also to better her students’ lives. Not all see it that way, though, with the town lagging on rebuilding the schoolhouse and her brightest student’s father demanding he work the farm instead of learn. An invasion of grasshoppers only makes things worse.

When Anders arrives with his war-wounded friend RJ, he sees the strength of the sisters’ idea to start a boardinghouse with the train coming to town. He invests in it and suggests RJ build it. Del finds RJ barely polite and wants nothing to do with him. But despite Del and her sisters’ best-laid plans, the future—and RJ—might surprise them all.

EXCERPT

Isabella toyed with her gloves. "What is it you hope to accomplish, Mr. Bailey?" She met his eyes. "If it's your desire to shame me, I refuse to be moved. I made my choice long ago, and I do not regret it. I love my parents, but I also love my aunt and my life in California. I see nothing to feel ashamed of or guilty for."

"I'm sure you don't." He shook his head. "You see only what you want to see, Miss Garcia. I knew that even all those years ago, when you acted so heartlessly toward your father."

"Me? Heartless? It was he who showed no compassion. He ripped me away from all I loved as a child. Took me from my friends and family. My beloved grandmother and aunt, and so many others." She grew thoughtful. "I was ten years old and didn't understand why I had to leave all that knew and loved. No one consulted me. No one asked me how I felt. He took us from our home and plopped us down in the middle of the desert. I was afraid and alone." She frowned. "But I don't expect you to understand. You know so much more than anyone else about my family and about me. Go right on judging me to be a heartless woman, Mr. Bailey. I simply do not care what you think."

Reigning Queen of Historical Fiction Keeps Up Series Momentum

- “Prodigal sons learn valuable lessons in the pleasing second installment of Peterson’s *LADIES OF THE LAKE* series. . . . This feel-good story will delight fans of faith-filled historical romance.”—*Publishers Weekly* on *Forever My Own*
- Set in historic San Marcial and the San Mateo Mountains in New Mexico, Peterson brings to life the bold beauty of the area and those who settled it
- With her rigorous historical research and strong focus on spiritual struggles, Peterson’s books strike a compelling chord with readers

After living an opulent life with her aunt for the last few years, the last thing twenty-five-year-old Isabella Garcia wants is to have to celebrate Christmas in the small silver-mining town her father and mother founded in the desert. She’d rather stay in California with the handsome Diego Morales who is courting her. Isabella is further miffed to have to bear the company of Aaron Bailey, a businessman with the Santa Fe Railroad, whom her father has sent to escort her safely home. Aaron finds Isabella spoiled, and she finds him judgmental.

But she is surprised to see how much the town of Silver Veil has grown and how fragile her father’s health has become. Then Diego shows up with news that her aunt has died. Isabella is saddened by the loss of not only her aunt, but also her place of escape.

Faced with all these changes, she struggles to sort through her future and who she wants to be. But trouble is brewing, and there are those who hope Isabella stays just as she is, even if it costs her everything.
