You and God Actually Want the Same Thing!

- Author is the lead speaker for Time of Grace ministry, which engages with people 4,000,000 times/month through TV, social media, print resources, and other platforms
- Author's church and ministries have strong appeal to young Christians and seekers as well as those searching for biblical answers to tough topics
- Connects with readers' desire for more joy and peace in their lives

Of the 30 parables Jesus told, the one that gets the most space on God's sacred pages is the story about the sower, the seed, and the soil (Matthew 13). Just like a farmer isn't sowing seed to get rid of it, God never brings you into contact with his Word just to get it over with. Rather, just as a farmer wants fruit, God wants to help you to experience and exhibit peace, joy, love, and more. And while he certainly could make our behavior one hundred times more sanctified in a single moment, Jesus' story reminds us that God normally grows us organically, in that slow and steady process that we witness throughout the created world. And just as in farming, there are some obstacles to overcome along the way.

This book is structured around the six threats Jesus lists in the parable of the sower and the seed, and the corresponding strategies to overcome them: pride, pain, worries, wealth, wanting, and not waiting. If you're wondering why your faith "isn't working" in some aspects of your life, Jesus' words may contain the key you're looking for.

Developing Our Boys' Sense of Well-Being and Biblical Masculinity

- Expert advice drawn from 25 years of counseling experience
- Coauthor of several books, including *Wild Things: The Art of Nurturing Boys*, with over 100,000 sold
- Author works closely with Bethany House author Sissy Goff (*Raising Worry-Free Girls*, 2019)

Research tells us that globally, on average, one man dies by suicide every minute of every day. This staggering statistic indicates that many men suffer from hopelessness and despair. Parents may detect warning signs of hopelessness in their sons who regularly exhibit behaviors such as meltdowns, outbursts, and terse one-word answers. How can we help raise our sons to handle difficult emotions and process complex ideas of masculinity?

Drawing from 25 years of counseling boys and working with parents, David Thomas explains what's behind these and other common struggles such as anger issues, anxiety, and depression. In all, parents will be equipped to raise emotionally strong and healthy boys who will grow up to be rooted in practices of well-being that will serve them their whole lives.

Strong and Smart: This engaging workbook provides boys with the opportunity to learn the foundational skills to be set on a biblical path of masculinity that differs from unhealthy or even toxic masculinity. Together with their parents, boys will foster emotional intelligence by learning healthy, constructive ways to express their emotions.

When a Church Works Together, God Can Do Amazing Things

REVISED AND UPDATED

- Author has planted 124 churches and currently leads New Hope Christian Fellowship in Honolulu with 11,500 weekly attendees
- Learn how to identify the hidden calling of church members to accomplish God's great purposes

"I am learning that I cannot be fulfilled apart from other people. In fact, the bottom line of this book is this: You can't do it alone. If you want to be a successful leader—if you plan to have a successful ministry—then you must develop not only your gifts but also the gifts of those around you." —Wayne Cordeiro

Your church may have many members, but does every member have a purpose? In *Doing Church as a Team*, Pastor Wayne Cordeiro underscores that church numbers are insignificant when every individual is not involved. However, if the team members work together as one toward a single, clearly defined goal, anything is possible—and everyone shares in the joys and rewards of success!

Pastor Wayne Cordeiro shows you how to identify the hidden callings of the members in your church so that together you can accomplish *anything* God has called you to do.

It's God's Great Purpose for His People to Have Increasingly Powerful Prayers

- Author of the bestselling classic *The Pursuit of God*
- Never-before-published compilation from Tozer's sermons about how to pray
- Are your prayers more powerful and effective today than they were a year ago?

It's been said that not knowing *how to pray* is one of the great obstacles in a Christian's life. A.W. Tozer pointed out that the church's greatest curse is unanswered prayer, and that we do not seem bothered by that. Many just don't understand what answered prayer is all about. Tozer outlines this as only he can, describing the conditions that lend themselves to God's response as well as those conditions that lead to his remaining silent.

Ultimately, Tozer challenges you to ask: Are my prayers more powerful and effective today than they were a year ago? The book opens with Jacob's Ladder, with the theme centering on ascending into God's presence. What better place to begin dialoging with God! Only he can teach us what is on his heart, what is his will, and what our part in it could be.

Deep inspiration and elevated understanding await readers in this new book, masterfully compiled by James L. Snyder.

Overcome Your Parenting Fears through the Power of Reading Aloud

- Respected leader in the Christian homeschooling space
- Combined social media following of over 100,000
- Includes practical study questions and journaling prompts in every chapter
- Foreword by Sally Clarkson

As a mom, you want to nurture a strong family, but fear steals your joy every day. There are times you wonder if you're failing your children or if you're cut out for this.

Well-known homeschool mom Jennifer Pepito understands. She was intent on loving her children well, but the lies she believed about her capabilities—and even God's faithfulness—allowed fear and worry to push her around. And self-help books were no help at all.

Ultimately, she found her joy in a most surprising place: in the pages of classic literature that she was reading aloud to her children every day. Books like *The Long Winter*, *The Hiding Place*, and *Pride and Prejudice* helped recapture her confidence as a mom. And along the way, she found the wonder of childhood for herself and her children.

In *Mothering by the Book*, Jennifer takes you on a fascinating, whimsical journey that will bring freedom and fun to your parenting—one great book at a time.

EXCERPT

Despite what the enemy seems to get away with in the world, God is always moving in our midst. Every time I look for God on the battlefield—in one way or another—I find Him there. God never claims neutrality. He's indifferent about *nothing*.

I've picked up on an enemy tactic that might help you fight and win your own fear battles. We're afraid to suffer. The enemy knows this. We figure that if God allowed us to go through the hardships we've already endured, what trauma must await us around the corner? Add to that stress the over-saturation of angry news, the vitriolic behavior on social media, and before we know it, our souls are riddled with anxiety. How do we even begin to deal with the cultural decline when our own private battles already seem too much for us?

We don't often realize that the enemy uses the pain of our past along with our fears of the future to build a case against God in our minds. Those who are not anchored to God's goodness are easy prey for the enemy. The devil wants us to project our fears into a future that God is not in. But he doesn't get to do that. The enemy is a liar. He's terrified that you'll finally get wise to his tactics. He wants you to forget that *absolutely nothing* can or will ever separate you from the profound and committed love of your Father (see Romans 8).

It Pleases God to Make You Strong

- Susie is a trusted, popular media voice who has earned 2.3 million downloads
- Susie's encouraging and passionate way continually attracts a loyal fan base and new readers alike
- Practical applications in every chapter from a voice of experience

What you believe about God and your place in his kingdom has everything to do with how you'll fare in the battles of this life. Jesus has won the war. We're on the winning side. Though it seems at times that the enemy is winning the day, God himself will have the final say.

Susie Larson's new book, *Strong in Battle*, is about how to gain victory in all the hardships and obstacles we face in this life—from physical to financial to relational. God is training your hands for battle, and your dependence on him is your *superpower*. As you rely on him, it leads to better discernment, power, and authority. Greater intimacy with God also displaces fear with love, which helps us fight with more courage, joy, and strength.

The battle is real; you're not imagining it. With her usual candor, Susie addresses questions such as:

- Why am I facing attack?
- Whose side am I on?
- How can I guard my heart?
- What are God's promises to me?
- How can I trust him more?

The book will include practical strategies for getting back to peace even when you are in the midst of battle. When you employ these tactics, you are not vulnerable to the enemy's schemes, and you arise victorious with a stronger sense of who you are and what you possess through Jesus Christ.

EXCERPT

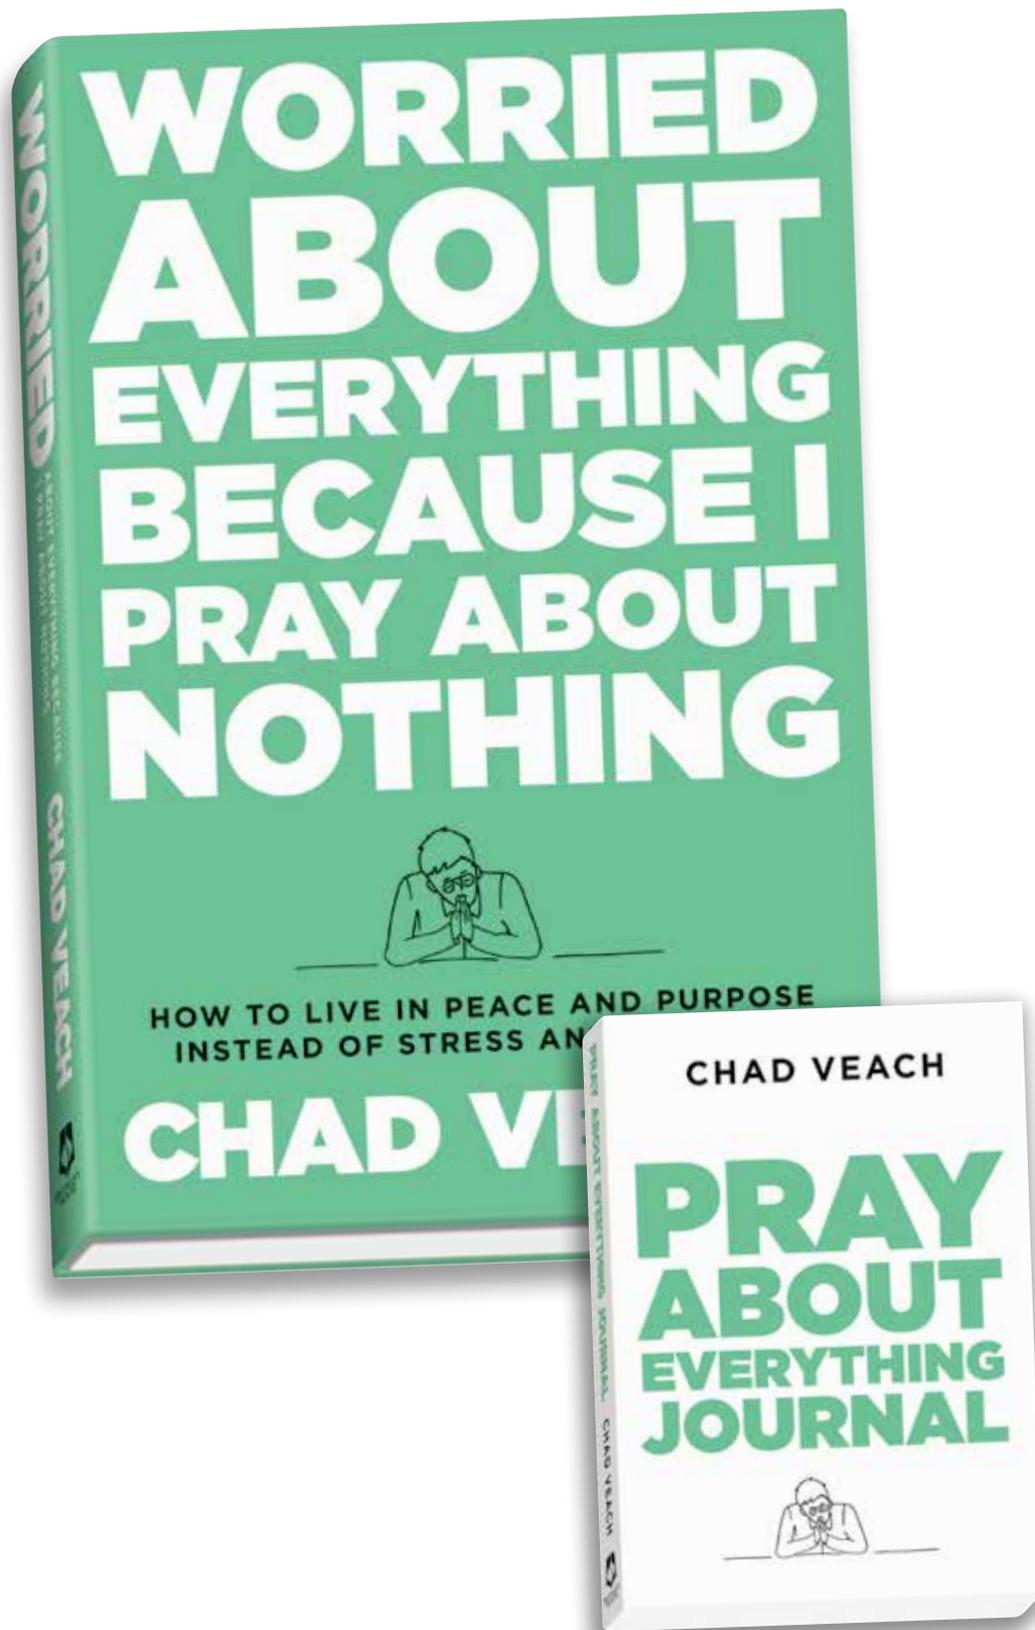

Prayer was never meant to be associated with stuffy church services or fancy religious language. It has always been a way for *real* people to talk to a *real* God about *real* issues.

No matter who you are or what you're facing, I believe growing in your prayer life will change you, just as it has changed me and so many others. Not because prayer is some magical activity in and of itself, but because prayer connects you to God.

Prayer is the vehicle, not the destination. It's the method, not the goal.

God himself is the destination and the goal. Prayer just gets you closer to him.

The goal of this book, then, is to simplify prayer, not to complicate it. It's to place it back where it belongs, which is wherever you and I are. Prayer was meant for *us*, after all. It's our God-given privilege, our gift, and our responsibility.

Worried about Everything Because I Pray about Nothing

- Author's personal social media reaches over 330,000 people, and almost 100,000 through Zoe Church
- Author's podcast—*Leadership Lean In*—has over 450 five-star ratings, and new episodes debut in the top ten of religion and spirituality podcasts
- Author regularly speaks nationally at events like C3 and Passion conferences, and internationally at churches including Hillsong Australia and South Africa

We all want more peace in our lives, but how do we get there? Breathing exercises, mindfulness, and positive thinking only get us so far. So what's missing?

In *Worried about Everything Because I Pray about Nothing*, author and pastor Chad Veach demystifies the concept of prayer by explaining in practical terms what prayer looks like in our day-to-day lives. This passionate, personal approach to prayer removes the pressure to "pray right" and replaces it with the calm assurance that God always hears us—no matter when, where, why, or how we pray—and that he responds to us in love.

"The secret to prayer is that there is no secret to prayer. It's not magical or mysterious, complex, or frustrating. There is no right way to do it, no list of steps to follow, no magic formula to repeat. The key to prayer is simply to pray. Anyone can do it, and everyone should. And yet, so many of us avoid prayer because it seems overcomplicated."—Chad Veach

Along with building a case for the importance of prayer, Chad Veach illustrates principles for effective prayer, highlights areas where we can and should pray, and offers tangible strategies to implement a praying lifestyle amid the busyness of modern life. His down-to-earth style and authentic communication make the timeless principles of prayer accessible to a new generation of readers who want to know God better.
