Meeting Christ as You Reckon with the Faith You Once Knew

- Author has over 65,000 followers on social media and a dedicated podcast listenership
- Author is well connected with writers exploring similar topics
- Speaks to the growing audience of readers disillusioned by the church but still interested in Jesus

It's no easy journey disentangling the good news of the gospel from the toxic theologies that have rendered Jesus unrecognizable. It's no wonder the church has sent many walking.

In *The Road Away from God*, Jonathan Martin reimagines Luke's story of two disillusioned disciples walking the Emmaus road away from the holy city where they had watched their hope die a gruesome death right before their eyes.

For anyone who is feeling their faith unravel, reckoning with religious trauma, or walking the long road of deconstruction, Martin speaks compassionate hope into the journey of today's disillusioned disciples, revealing that the resurrected Christ is profoundly present with them—even on what seems to be the road away from God.

With "a pastor's heart and poet's touch," as Rachel Held Evans once wrote of Martin, this is a book to help you feel seen in your spiritual journey and all its complexities, and to find resurrection even where you least expect it.

- Foreword by Morgan Harper Nichols
- Helps readers move from performing to purposeful living with intentional soul care practices designed for lasting growth and transformation

In our image-conscious culture, life can become a never-ending performance. How do we flip the script and feed ourselves rather than simply adding to our feeds?

In *Soul Care to Save Your Life*, author, speaker, and recovering performer Manda Carpenter offers an invitation to shift your focus from performing to purposeful living from the inside out. In this book she guides you on a three-part journey to

- identify the habits that are holding you back
- take ownership of your path to growth
- embrace practices of soul care for your well-being

It's time to drop the façade of the picture-perfect life and instead get radically honest in order to heal and embrace the confidence that comes from knowing and loving your whole self, no filter needed.

Recognize the Signs of Division and Unite Your Team

- Author has coached and resourced more than 1,000 churches on church growth
- Author is founder of ChurchBoom.org
- A unique resource for church leadership and staff

As a coach and mentor to hundreds of pastors, Chris Sonksen has had a front-row seat to the unfortunate outcomes when a team member begins to drift from the vision of the church and the leader they serve. But the good news is, these situations never come out of left field. There are always warning signs that, if heeded, allow church leaders to rise to the challenge of keeping their team healthy, unified, and moving forward together.

In this powerfully practical book, Sonksen unpacks six subtle behaviors that undermine team unity and lead to problems that can derail your ministry and even split your church, including

- pride
- artificial harmony
- isolation
- a critical spirit
- divisiveness
- disrespect

Beyond merely identifying the problems, this book offers you a blueprint for what to do when you see or feel evidence of these behaviors creeping into team dynamics.

Alignment of vision and purpose doesn't happen by accident, and it isn't maintained without careful attention and proactive strategies. But with Chris Sonksen's help, you can save your church from itself.

EXCERPT

I am increasingly convinced that we aren't giving enough time and attention to naming. By that I mean we aren't giving enough time to naming what is really going on in our culture, in our institutions, and in our hearts. We settle for superficial assessments ("It's just sin!"), and because of this, we get superficial solutions.

This is why the work of naming matters. I've heard it said that "when you name it, you tame it," and I have found this to be true. It is, after all, an insight that comes to us straight from Scripture. God's first act of naming was to create light, an action that forever intertwined naming with light. Whenever we name something, we bring it into the light, and only then can we see it clearly and engage it for what it is.

This naming cannot be rushed. When we jump to the solution without properly understanding the problem, we get the solution wrong. When we name and explain the problem of control correctly, much of the dysfunction takes care of itself. That is the sheer power of naming. It disarms the influences that are influencing us by bringing them out of the shadows and into the light.

That is the aim of this book. To name it right, and bring it into the light.

And with that, I hope you find these pages illuminating.

The Power of Giving Up Control and the Real Influence We Were Created For

- Author is a regular contributor to P31 and (in)courage
- Author is the teaching pastor at Bright City Church in Durham, North Carolina, and is a regular speaker at women's conferences and events
- Reveals how our daily habits instill a false sense of control and reveals the solution: trade control for influence

We all wish we had more control. When our relationships are strained, when our bodies refuse to cooperate, when the future is uncertain, control promises security and peace. *If only I were in charge*, we dream. And this illusion seems more attainable than ever. Technology, science, medicine, and the internet all promise us ever-increasing mastery over our world.

The problem is, control is a "devil's deal." The more we seek it, the more it betrays us. In place of predictability, it gives us anxiety. In place of certainty, it creates more complexity. And in place of unity, it divides. It's not just that we cannot control things; it's that we break them even more when we try.

Thankfully the answer to our craving is not simply to "let go and let God." When our kids aren't listening, when our loved ones are self-destructing, or when our health is declining, we don't have to scramble after control, nor do we have to throw up our hands. Instead, God has given us a better tool.

In this culturally insightful and eye-opening book, Sharon Hodde Miller helps us discover the real power God has given us in Christ, to exercise influence over ourselves and our lives.

EXCERPT

From the nightly news to our social media feeds, a drumbeat of messages tells us one thing about our politics—we are strangers to one another. And since politics has infested everything, we start to feel disconnected from the people in even our closest relationships. It's no wonder that loneliness and depression are rampant for individuals and that populism and nationalism are rampant for countries.

So, what do we do? How do we find connection to one another when our differences are constantly on display?

In other words, now what?

It's become so clear to us that most political conflict is wrapped around deeper emotional and spiritual dynamics—dynamics that might be painful to examine but have the capacity to help us grow and heal far beyond our political conflicts. In this book, we attempt to zoom out and see what larger issues are at the center of our political conflicts, whether they take place inside our families, our workplaces, our communities, our country, or our world. On our podcast, we constantly ask ourselves: What's underneath this conflict? How do we bring it into the light? How do we find something good in that light? We want to share what we've learned here, in the hopes that you'll find new questions or phrases to help you dig deeper in your relationships.

We're inviting you to see the connections you hold with fellow human beings in a bigger way.

We will begin with our closest connections—our family, our friends, our coworkers—and look at what political conflict can teach us about ourselves and others. Then, with fresh eyes, we hope to expand into the other connections we hold with our fellow human beings—in our communities, states, nation, and world—to see beyond the political morass to how we can continue on . . . together.

An Invitation to Rebuild Connection and Community Despite What Divides Us

- *Pantsuit Politics* podcast averages 350,000 downloads per month and was one of Apple's 2021 Spotlight podcasts
- The authors and their work have been featured by the *New York Times*, the *Atlantic*, *Parents*, *Elle*, and CNN's *Morning Joe*
- "Sarah and Beth are an absolute gift to our culture right now. They teach us how to dialogue well without sacrificing our humanity."
—Jen Hatmaker

From friendships to Facebook to far-off countries, what do we do when our lives seem mired in conflict? How do we find connection when our differences are constantly on display and even exacerbated by algorithms and echo chambers? How do we build a kinder society?

If you are tired of the anxiety, frustration, and fear that pervade your connections with other people, both online and in real life, Sarah Stewart Holland and Beth Silvers want you to know one thing—you are not alone. In this book they will help you understand the powerful connections you have with other people on a personal, community-based, national, and even international level. Then they show you how to

- engage your family with a spirit of curiosity
- listen closely to the anxieties and fears of your friends
- explore shared values within your community
- understand your work as a citizen in a diverse country
- hold lightly those things that are beyond your control around the world

The status quo isn't working. If you long to be a peacemaker and a positive influence in your spheres, *Now What?* is your door to a future that is characterized by hope, love, and connection despite our differences.

Now What?

Jokes to Keep the Family Laughing (and Rolling Their Eyes at Dad)

- Author's books have sold almost 1 million copies
- "Dad joke" books are a consistent seller each year for Father's Day and Christmas gifts
- Book includes over 500 jokes with fun illustrations

When a man becomes a dad, he takes on certain responsibilities: providing for his family, raising up his children to be good citizens—and telling the absolute worst jokes he can come up with. But dad jokes don't always come naturally, which is why Sandy Silverthorne created *The Best Worst Dad Jokes*. Filled with more than 500 groan worthy jokes to torment your kids, this collection makes it possible for dads to fill any moment of dead air with a joke that will have everyone within hearing distance rolling their eyes and edging away to avoid association with you. Jokes like . . .

I don't have a dad bod; I have a father figure.

I saw a sign that said Watch for Children. That sounded like a good trade to me.

and of course . . .

When does a joke become a dad joke? When it's fully groan.

And hey, it's only downhill from there.

How to Stop Rehashing the Past and Rehearsing the Future to Start Receiving the Present

- “Jeanne Stevens lives and leads from her soul. She has the kind of wise and authentic voice that we all need in our lives.”—Annie F. Downs, *New York Times* bestselling author
- Foreword by Shauna Niequist
- Gives readers practical tools to learn the power of one question to lead them to peace and purpose in their present moment

Life is filled with uncertainty, and people have never needed peace more. When it comes down to it, what keeps us from experiencing peace in our lives is either living in the past or living for the future. When we obsess over what’s already happened or put all of our efforts into creating a picture-perfect tomorrow, we miss what God has for us here and now. The result is regret over what we can’t change, and anxiety over what we feel we must change. That’s not what God wants for us.

With honest transparency, hope-filled compassion, and plenty of vulnerable humor, pastor Jeanne Stevens reveals the shockingly simple path to peace: presence. She helps you slow down, center yourself, and ask the all-important question, *What’s here now?* Jeanne gives readers practical tools to move from obsessing about the past or worrying about the future to experiencing peace and purpose in the present moment.

By incorporating this simple question into your everyday life, you will experience freedom from unhealthy patterns of relating to God and others through the avenues of shame, guilt, worry, and anxiety.

Fresh Inspiration from a *New York Times* Best-selling Author to Embrace Life as It Comes

- Author has a social media reach of over 2.5 million followers
- The *Huffington Post* dubbed Mandy a "Twitter Powerhouse"
- In 2019, *Good Morning America* identified Mandy's Instagram as one of the "10 Instagram Accounts to Follow for Major Inspiration"

If recent world events have taught us anything, it's that life doesn't always look the way we want it to look. And while we can't control the curveballs life throws at us, we *can* control our response to them. We can choose to loosen our grip on what we think life is "supposed" to be and embrace life for exactly what it is—messiness and mayhem and all. We can choose to stubbornly turn toward the sun, even as the storm rages around us. That surrender is where true happiness and peace lie.

With insights born from her own hard-won battles, Mandy Hale turns her attention (and her sizable wit) to showing you what she's learned about letting go of the desire to control everything in life. With the honesty and authenticity she's known for, Mandy inspires you to stop striving, live in the moment, sit with your experiences, and trust God with the unknown.

If you've felt depleted or despairing as you've wrestled with circumstances beyond your control, you will find in Mandy a kind and trustworthy guide through the storm.

Unlearn Your False Views of God and Relearn the Model Set by Jesus

- Winship is a frequent speaker in churches worldwide
- Book includes incredible true stories from author's life in conflict zones around the world
- Through stories, Scripture, and probing questions, this book guides readers on a journey of growing personally and spiritually

Jamie Winship spent nearly 30 years living and working in conflict zones, and during that time he has learned an important truth: all human conflict originates from fear, and fear originates from a false view of God, ourselves, and others. Until we exchange what's false for what's real, we will never experience being fully alive, fully human, and fully free.

Unpacking the power of knowing our true identity in Christ, Winship takes us on a journey of telling ourselves the truth, changing our mindsets, and experiencing actual life transformation that leads to radical courage in the face of all that life throws at us. With humor, clarity, and real-life practicality, *Living Fearless* is your invitation to listen closely to what God is trying to say to you about himself, about the person he created you to be—and also about all those other people he created and loves.

If you want to discover the incredible difference abiding in Christ will make in your life and faith, get ready to do “a new thing” with God.

EXCERPT

A few years ago, I was texting with my friend Emily P. Freeman, another author and podcaster and one of my favorite spiritual directors, and we were talking about our work. Emily specializes in helping people make decisions. “What is the next right thing?” That’s the question she poses to her readers and fans (like me) on a weekly basis through her podcast and in her book.

I don’t remember the conversation as clearly as Emily does, but we had a talk about what we wanted to do next. What type of work, what type of creative things, how we wanted to spend our time. And as Emily tells it, as we were processing what to do next, I said to her, “Well, just chase the fun!”

Chase the fun.

It’s a thing we did when we were kids. It was our first instinct—to chase the fun. It was our top priority, biggest goal, most important motivator. But that’s not the case anymore, is it? Being an adult, whether you are 20, 40, 60, or 85, is different from when you were a kid. We used to play, we used to run and jump and dance and swing and slide and skin up our knees. We used to chase the fun.

While there are parts of childhood that are best left there—like the skinned knees, thank you very much—there is something important that we lost when we stopped chasing the fun. It doesn’t mean every day is a party, and it doesn’t mean we run from our responsibilities. But I just wonder if you picked up this book because of something that feels like it is missing in your life and you’re trying to find it again. So, what would it look like for you to pay attention a little closer to the life you already have and the world in which you already live, and give a little chase to the fun that is right in front of you?

We all know that having fun enriches our lives and lifts our spirits, but so often life gets in the way. Fun seems like something we did when we were kids, and we just don't have time for it now. I mean, we barely have time for all the stuff we *have* to do, let alone the stuff we *want* to do. We can go days without actually having any fun at all. If you ask *New York Times* bestselling author Annie F. Downs, she'll tell you that's no way to live!

Annie knows that when you chase fun, joy follows. In this beautifully designed full-color devotional, she invites you to experience 100 delightful days of discovering fun right where you are. EXCERPT

Healthy self-sufficiency is important, but an unhealthy demand for control is not. For our insistence on autonomy (that is, the right to govern ourselves) can spread into our relationship with God. Unlike our children and friends, however, God rarely gives into our controlling ways. The King of the Universe simply can't be managed or manipulated, no matter how hard we try.

For there can only be one leader in the relationship. Only one God. Only one King. If we're going to be true followers of Jesus, we must be willing to be led. And that requires relinquishment of the wand, the remote control, and our passive-aggressive attempts to make God do our bidding.

Jesus made that clear each time someone expressed an interest in being His disciple. Rather than offering incentives and a slick presentation of follower benefits, Jesus seemed to go out of His way to discourage followers by highlighting the cost.

"If anyone would come after me, he must deny himself and take up his cross daily and follow me," Jesus said in Luke 9:23.

Not the best "lead," marketing experts would say. Or the best metaphor. Especially when crosses were used as instruments of torture by the Romans. Reserved for criminals, strung naked and bleeding for the whole world to see, it was considered by Jews the very worst way to die.

But rather than softening the image, Jesus went on to intensify it. "For whoever wants to save his life will lose it, but whoever loses his life for me will save it" (v. 24).

It isn't enough to carry your cross, Jesus told eager would-be followers. You've got to trust God enough to climb upon the cross and die if you want to truly live.

Learn the Beautiful Secret of Unshakeable Faith

- Weaver’s previous titles have sold over 1.5 million copies
- Helps women learn to trust God no matter the trials they face, teaching them how to let go in surrender so that they can hold on in faith
- “Joanna Weaver has a gift for leading women to the feet of Jesus and the heart of God. Her words have been life changing for me.” —Holley Gerth

Trusting God. It’s such a cliché. Yet nothing means more to our heavenly Father than when we surrender our lives completely to him and choose to believe he has our best in mind. David modeled that kind of deliberate dependence: as a shepherd boy, as a man running for his life, as a king who made grave mistakes. In both triumph and failure, David looked to God rather than to himself.

In *Embracing Trust*, Joanna Weaver, bestselling author of the runaway hit *Having a Mary Heart in a Martha World*, shares personal stories, practical tips, and life-changing principles gleaned from Scripture. If you struggle with disappointment from the past, frustration with the present, or fear of the future, Joanna invites you to trust in the Lord with all your heart. Relinquishing control and putting your hope in a forever-faithful Father—that’s the beautiful secret of unshakeable faith.

You and God Actually Want the Same Thing!

- Author is the lead speaker for Time of Grace ministry, which engages with people 4,000,000 times/month through TV, social media, print resources, and other platforms
- Author's church and ministries have strong appeal to young Christians and seekers as well as those searching for biblical answers to tough topics
- Connects with readers' desire for more joy and peace in their lives

Of the 30 parables Jesus told, the one that gets the most space on God's sacred pages is the story about the sower, the seed, and the soil (Matthew 13). Just like a farmer isn't sowing seed to get rid of it, God never brings you into contact with his Word just to get it over with. Rather, just as a farmer wants fruit, God wants to help you to experience and exhibit peace, joy, love, and more. And while he certainly could make our behavior one hundred times more sanctified in a single moment, Jesus' story reminds us that God normally grows us organically, in that slow and steady process that we witness throughout the created world. And just as in farming, there are some obstacles to overcome along the way.

This book is structured around the six threats Jesus lists in the parable of the sower and the seed, and the corresponding strategies to overcome them: pride, pain, worries, wealth, wanting, and not waiting. If you're wondering why your faith "isn't working" in some aspects of your life, Jesus' words may contain the key you're looking for.

Developing Our Boys' Sense of Well-Being and Biblical Masculinity

- Expert advice drawn from 25 years of counseling experience
- Coauthor of several books, including *Wild Things: The Art of Nurturing Boys*, with over 100,000 sold
- Author works closely with Bethany House author Sissy Goff (*Raising Worry-Free Girls*, 2019)

Research tells us that globally, on average, one man dies by suicide every minute of every day. This staggering statistic indicates that many men suffer from hopelessness and despair. Parents may detect warning signs of hopelessness in their sons who regularly exhibit behaviors such as meltdowns, outbursts, and terse one-word answers. How can we help raise our sons to handle difficult emotions and process complex ideas of masculinity?

Drawing from 25 years of counseling boys and working with parents, David Thomas explains what's behind these and other common struggles such as anger issues, anxiety, and depression. In all, parents will be equipped to raise emotionally strong and healthy boys who will grow up to be rooted in practices of well-being that will serve them their whole lives.

Strong and Smart: This engaging workbook provides boys with the opportunity to learn the foundational skills to be set on a biblical path of masculinity that differs from unhealthy or even toxic masculinity. Together with their parents, boys will foster emotional intelligence by learning healthy, constructive ways to express their emotions.

- Author has planted 124 churches and currently leads New Hope Christian Fellowship in Honolulu with 11,500 weekly attendees
- Learn how to identify the hidden calling of church members to accomplish God's great purposes

"I am learning that I cannot be fulfilled apart from other people. In fact, the bottom line of this book is this: You can't do it alone. If you want to be a successful leader—if you plan to have a successful ministry—then you must develop not only your gifts but also the gifts of those around you." —Wayne Cordeiro

Your church may have many members, but does every member have a purpose? In *Doing Church as a Team*, Pastor Wayne Cordeiro underscores that church numbers are insignificant when every individual is not involved. However, if the team members work together as one toward a single, clearly defined goal, anything is possible—and everyone shares in the joys and rewards of success!

Pastor Wayne Cordeiro shows you how to identify the hidden callings of the members in your church so that together you can accomplish *anything* God has called you to do.

It's God's Great Purpose for His People to Have Increasingly Powerful Prayers

- Author of the bestselling classic *The Pursuit of God*
- Never-before-published compilation from Tozer's sermons about how to pray
- Are your prayers more powerful and effective today than they were a year ago?

It's been said that not knowing *how to pray* is one of the great obstacles in a Christian's life. A.W. Tozer pointed out that the church's greatest curse is unanswered prayer, and that we do not seem bothered by that. Many just don't understand what answered prayer is all about. Tozer outlines this as only he can, describing the conditions that lend themselves to God's response as well as those conditions that lead to his remaining silent.

Ultimately, Tozer challenges you to ask: Are my prayers more powerful and effective today than they were a year ago? The book opens with Jacob's Ladder, with the theme centering on ascending into God's presence. What better place to begin dialoging with God! Only he can teach us what is on his heart, what is his will, and what our part in it could be.

Deep inspiration and elevated understanding await readers in this new book, masterfully compiled by James L. Snyder.

Overcome Your Parenting Fears through the Power of Reading Aloud

- Respected leader in the Christian homeschooling space
- Combined social media following of over 100,000
- Includes practical study questions and journaling prompts in every chapter
- Foreword by Sally Clarkson

As a mom, you want to nurture a strong family, but fear steals your joy every day. There are times you wonder if you’re failing your children or if you’re cut out for this.

Well-known homeschool mom Jennifer Pepito understands. She was intent on loving her children well, but the lies she believed about her capabilities—and even God’s faithfulness—allowed fear and worry to push her around. And self-help books were no help at all.

Ultimately, she found her joy in a most surprising place: in the pages of classic literature that she was reading aloud to her children every day. Books like *The Long Winter*, *The Hiding Place*, and *Pride and Prejudice* helped recapture her confidence as a mom. And along the way, she found the wonder of childhood for herself and her children.

In *Mothering by the Book*, Jennifer takes you on a fascinating, whimsical journey that will bring freedom and fun to your parenting—one great book at a time.

EXCERPT

Despite what the enemy seems to get away with in the world, God is always moving in our midst. Every time I look for God on the battlefield—in one way or another—I find Him there. God never claims neutrality. He's indifferent about *nothing*.

I've picked up on an enemy tactic that might help you fight and win your own fear battles. We're afraid to suffer. The enemy knows this. We figure that if God allowed us to go through the hardships we've already endured, what trauma must await us around the corner? Add to that stress the over-saturation of angry news, the vitriolic behavior on social media, and before we know it, our souls are riddled with anxiety. How do we even begin to deal with the cultural decline when our own private battles already seem too much for us?

We don't often realize that the enemy uses the pain of our past along with our fears of the future to build a case against God in our minds. Those who are not anchored to God's goodness are easy prey for the enemy. The devil wants us to project our fears into a future that God is not in. But he doesn't get to do that. The enemy is a liar. He's terrified that you'll finally get wise to his tactics. He wants you to forget that *absolutely nothing* can or will ever separate you from the profound and committed love of your Father (see Romans 8).

It Pleases God to Make You Strong

- Susie is a trusted, popular media voice who has earned 2.3 million downloads
- Susie's encouraging and passionate way continually attracts a loyal fan base and new readers alike
- Practical applications in every chapter from a voice of experience

What you believe about God and your place in his kingdom has everything to do with how you'll fare in the battles of this life. Jesus has won the war. We're on the winning side. Though it seems at times that the enemy is winning the day, God himself will have the final say.

Susie Larson's new book, *Strong in Battle*, is about how to gain victory in all the hardships and obstacles we face in this life—from physical to financial to relational. God is training your hands for battle, and your dependence on him is your *superpower*. As you rely on him, it leads to better discernment, power, and authority. Greater intimacy with God also displaces fear with love, which helps us fight with more courage, joy, and strength.

The battle is real; you're not imagining it. With her usual candor, Susie addresses questions such as:

- Why am I facing attack?
- Whose side am I on?
- How can I guard my heart?
- What are God's promises to me?
- How can I trust him more?

The book will include practical strategies for getting back to peace even when you are in the midst of battle. When you employ these tactics, you are not vulnerable to the enemy's schemes, and you arise victorious with a stronger sense of who you are and what you possess through Jesus Christ.

EXCERPT

Prayer was never meant to be associated with stuffy church services or fancy religious language. It has always been a way for *real* people to talk to a *real* God about *real* issues.

No matter who you are or what you're facing, I believe growing in your prayer life will change you, just as it has changed me and so many others. Not because prayer is some magical activity in and of itself, but because prayer connects you to God.

Prayer is the vehicle, not the destination. It's the method, not the goal.

God himself is the destination and the goal. Prayer just gets you closer to him.

The goal of this book, then, is to simplify prayer, not to complicate it. It's to place it back where it belongs, which is wherever you and I are. Prayer was meant for *us*, after all. It's our God-given privilege, our gift, and our responsibility.

Worried about Everything Because I Pray about Nothing

- Author's personal social media reaches over 330,000 people, and almost 100,000 through Zoe Church
- Author's podcast—*Leadership Lean In*—has over 450 five-star ratings, and new episodes debut in the top ten of religion and spirituality podcasts
- Author regularly speaks nationally at events like C3 and Passion conferences, and internationally at churches including Hillsong Australia and South Africa

We all want more peace in our lives, but how do we get there? Breathing exercises, mindfulness, and positive thinking only get us so far. So what's missing?

In *Worried about Everything Because I Pray about Nothing*, author and pastor Chad Veach demystifies the concept of prayer by explaining in practical terms what prayer looks like in our day-to-day lives. This passionate, personal approach to prayer removes the pressure to "pray right" and replaces it with the calm assurance that God always hears us—no matter when, where, why, or how we pray—and that he responds to us in love.

"The secret to prayer is that there is no secret to prayer. It's not magical or mysterious, complex, or frustrating. There is no right way to do it, no list of steps to follow, no magic formula to repeat. The key to prayer is simply to pray. Anyone can do it, and everyone should. And yet, so many of us avoid prayer because it seems overcomplicated."—Chad Veach

Along with building a case for the importance of prayer, Chad Veach illustrates principles for effective prayer, highlights areas where we can and should pray, and offers tangible strategies to implement a praying lifestyle amid the busyness of modern life. His down-to-earth style and authentic communication make the timeless principles of prayer accessible to a new generation of readers who want to know God better.

Prayer Leader Shows How to Keep Passion for Jesus Alive

- Candler has been a senior leader and speaker at International House of Prayer for over twenty years, and is an International House of Prayer University teacher
- Candler hosts weekly podcasts with IHOPKC, which has 30,000-plus annual website visits
- Author was a main-stage speaker at the Onething conference, which had approximately 20,000 attendees

Fervent passion for Jesus is often one of the first things to fade as we struggle through the daily grind of life, especially after grappling with disappointments and pain. Yet inherent in Jesus’s call to return to our first love is his promise to help us *never to lose it*—to have a heart sustained in joy, delight, and passion for him all of our days.

International House of Prayer leader Dana Candler shares her own wrestle with weariness and unbelief, and reveals that a heart fully alive in Jesus is not only possible but is the promise and invitation of God’s infinite grace. *First Love* will guide you to

- discover the root of a loss of fervency and live with a persistent hunger to know Jesus
- successfully navigate relational pain and circumstances that have led to offense, cynicism, and bitterness
- recognize distractions from the enemy and keep your love for God alive
- sustain a tender and burning heart that is unquenched in an hour of increasing darkness

Circumstances change, life plays out, and trials come, but love for Jesus is always to remain alive and provide the fire for your daily walk. The Holy Spirit doesn’t want to only maintain the passion inside of you, but to increase it!

Have you felt like giving up lately? I have. Our struggles may look different, but I'm sure you have endured or are in the thick of a trying season in your life. Maybe thoughts have constantly crossed your mind, like *How did I get here? How can this be happening?* One thing humankind has in common are the overwhelming feelings that come from things like heartbreak, betrayal, addiction, mental illness, division, lies, deception, tears, sorrow, discouragement, fear, legal battles, shame, guilt, depression, and spiritual warfare we never even knew existed.

Have you ever wondered how something so right—like a great relationship, a meaningful vocation, a spiritual calling, a God-designed dream—can turn out so wrong? Sin, compromise, disobedience, rebellion, worldliness creep in. We're learning how to keep holding on to broken pieces until God makes some kind of sense of it all. The spiritual battle taking place now is real. The attacks you and I have gone through, and are likely still going through, are one part of a much larger attack.

Yes, these are perilous, fierce times, but don't let this discourage you. Things that seem out of our control are still in God's control. You have not escaped His gaze.

Even when you don't feel loved, God loves you. He made you for a purpose. He's going to watch over and take care of you and yours. You're a chosen vessel for such a time as this.

Are you ready?

Centering the Black Experience in Christian Reflection

- Atcho is a pastor at Fellowship Memphis, a growing multiethnic, multicampus church in Tennessee
- Author is a regular writer and podcast contributor for *Think Christian* and has written for *Christ & Pop Culture*, *The Gospel Coalition*, and *The Witness: A Black Christian Collective*
- Covers works by James Baldwin, Countee Cullen, W. E. B. DuBois, Ralph Ellison, Zora Neale Hurston, Nella Larsen, Toni Morrison, Margaret Walker, and Richard Wright

Learning from Black voices means listening to more than snippets. It means attending to Black stories. *Reading Black Books* helps Christians hear and learn from enduring Black voices and stories as captured in classic African American literature.

Pastor and teacher Claude Atcho offers a theological approach to 10 seminal texts of 20th-century African American literature. Each chapter takes up a theological category for inquiry through a close literary reading and theological reflection on a primary literary text, from Ralph Ellison’s *Invisible Man* and Richard Wright’s *Native Son* to Zora Neale Hurston’s *Moses, Man of the Mountain* and James Baldwin’s *Go Tell It on the Mountain*. The book includes end-of-chapter discussion questions.

Reading Black Books helps readers of all backgrounds learn from the contours of Christian faith formed and forged by Black stories, and it spurs continued conversations about racial justice in the church. It demonstrates that reading about Black experience as shown in the literature of great African American writers can guide us toward sharper theological thinking and more faithful living.

Casting a New Vision for How Christian Communities Engage Disability Justice

- Kenny is a disabled scholar whose research focuses on medical and bodily themes in literature
- Speaks to growing mainstream conversations about ableism and disability justice
- Author offers a unique blend of personal storytelling, biblical exegesis, and practical application

The church has forgotten that we worship a disabled God whose wounds survived resurrection, says Amy Kenny. It is time for the church to start treating disabled people as full members of the body of Christ who have much more to offer than a miraculous cure narrative and to learn from their embodied experiences.

Written by a disabled Christian, this book shows that the church is missing out on the prophetic witness and blessing of disability. Kenny reflects on her experiences inside the church to expose unintentional ableism and cast a new vision for Christian communities to engage disability justice. She shows that until we cultivate church spaces where people with disabilities can fully belong, flourish, and lead, we are not valuing the diverse members of the body of Christ.

Offering a unique blend of personal storytelling, fresh and compelling writing, biblical exegesis, and practical application, this book invites readers to participate in disability justice and create a more inclusive community in church and parachurch spaces. Engaging content such as reflection questions and top-ten lists are included.

A Permission Slip for Asking Difficult Questions about and to God

- Wilbert reaches an audience of 40,000+ through email and social media and is the founder of Sayable.net
- Author wrote *Handle with Care*, winner of a 2021 *Christianity Today* Book Award, and has written for *Christianity Today*, *Fathom* magazine, and *She Reads Truth*
- Foreword by Seth Haines

God created us curious. We innately wonder about the world, one another, ourselves, and God. But technology, fear of the unknown, cultural taboos, or even church leaders can smother our curiosity.

Popular writer Lore Ferguson Wilbert has belonged to Christian communities that discouraged curiosity. The point of the Christian life was to have the right answers, and asking questions reflected a wavering faith. But Wilbert came to discover that the Bible is a permission slip to anyone who wants to ask questions.

Reflecting her own theological trajectory toward a more contemplative, expansive faith, Wilbert invites readers to foster curiosity as a spiritual habit. This book explores questions God asks us, questions we ask God, and questions we ask each other. Christianity is not about knowing good answers, says Wilbert, but about asking good questions—ones that foster deeper intimacy with God and others.

A Curious Faith invites readers to go beyond pat answers and embrace curiosity, rather than certainty, as a hallmark of authentic faith. Foreword by Seth Haines.

6 Practices to Develop Lifelong Christian Antiracism

- Francois is a prominent Black church leader and president of the Black Church Center for Justice and Equality
- Author founded the Public Love Organizing and Training (PLOT) Project, an antiracism curriculum
- Author has written for the *Huffington Post*, *The Hill*, and *Sojourners*

Racism is omnipresent in American life, both public and private. We are immersed in what prominent Black church leader Willie Dwayne Francois III calls white noise—the racist speech, ideas, and policies that lull us into inaction on racial justice. White noise masks racial realities and prevents constructive responses to microaggressions, structural inequality, and overt interpersonal racism.

In this book, Francois calls people of all races to take up practices that overcome silence and inaction on race and that advance racial repair. Drawing from his antiracism curriculum, the Public Love Organizing and Training (PLOT) Project, Francois encourages us to move from a “colorblind” stance and mythic innocence to one that takes an honest account of our national history and acknowledges our complicity in racism as a prelude to antiracist interventions.

Weaving together personal narrative, theology, and history, this book invites us to engage 6 “rhythms of reparative intercession.” These are 6 practices of antiracism that aim to repair harm by speaking up and “acting up” on behalf of others. *Silencing White Noise* offers concrete ways to help people wrest free from the dangers of racism and to develop lifelong Christian antiracist practices.

Why the Church Needs a Reckoning with Celebrity Power

- Beaty is a writer, journalist, editor, and keen observer of trends in the American church
- Author has written for the *New York Times*, the *New Yorker*, and the *Washington Post* and has appeared on CNN, ABC, and NPR
- Author has 33,000 combined social media followers

Many Christian leaders use their fame and influence to great effect. Whether that popularity resides at the local church level or represents national or international influence, many leaders have effectively said to their followers, “Follow me as I follow Christ.” But fame that is cultivated for its own sake, without attendant spiritual maturity and proper accountability, has a shadow side that can run counter to the heart of the gospel message. Celebrity in the church has led to abuses of power, the cultivation of persona, and a fixation on profits.

In light of the fall of famous Christian leaders in recent years, the time has come for the church to reexamine its relationship to celebrity. Award-winning writer Katelyn Beaty explores the ways fame has reshaped the American church, explains how and why celebrity is woven into the fabric of the evangelical movement, and identifies many ways fame goes awry. She shows us how Christians unwittingly foster a celebrity culture and offers a vision of ordinary, unseen faithfulness, helping all of us—whether leaders or everyday believers—to keep celebrity power in its proper place.

Hope for Our Crisis of Belonging

- Volf is a leading public intellectual, a world-renowned theologian, and an award-winning author
- Volf has over 54,000 social media followers
- Authors direct the Yale Center for Faith & Culture

We live in the midst of a crisis of home. It is evident in the massive uprooting and migration of millions across the globe, in the anxious nationalism awaiting immigrants in their destinations, in the unhoused populations in wealthy cities, in the fractured households of families, and in the worldwide destruction of habitats and international struggles for dominance. It is evident, perhaps more quietly but just as truly, in the aching sense that there is nowhere we truly belong.

In this moment, the Christian faith has been disappointingly inept in its response. We need a better witness to the God who created, loves, and reconciles this world, who comes to dwell among us.

This book tells the “story of everything” in which God creates the world as the home for humans and for God in communion with God’s creatures. The authors render the story of creation, redemption, and consummation through the lens of God’s homemaking work and show the theological fruit of telling the story this way. The result is a vision that can inspire creative Christian living in our various homes today in faithfulness to God’s ongoing work.

A Concise, Student-Level Theology of the Old Testament

A senior scholar and teacher with four decades of classroom experience offers a concise, student-level theology of the entire Old Testament. W. H. Bellinger Jr. uses ancient Israel's confession of faith, the Psalms, to introduce the sweep of Old Testament theology: creation, covenant, and prophecy. He shows how these three theological dimensions each entail a portrayal of God and invite a human response to God. Bellinger also discusses how to appropriate Old Testament theology for contemporary life.

The Remedy for a Disenchanted View of the Bible

In an age where the Bible has been stripped of its sacredness and functional biblical illiteracy reigns, this book makes the case that we must work to re-enchant the text in order to return the Bible to its rightful place in the lives of Christians. The author shows how the Enlightenment misshapes our interpretations of the Bible and explains that both “liberal” and “fundamentalist” interpretation are failed forms of disenchanted readings. We must rediscover the Bible as sacred, dangerous, and mysterious to counteract biblical illiteracy in an increasingly post-Christian landscape.

Ministry Models That Integrate Faith and Justice

This book demonstrates how two overlooked ministry models—base ecclesial communities of the Global South in the late 20th century and hush harbors of the US Deep South during antebellum times—offer proven strategies for the 21st-century church. These ministry models provide insight into the creation and sustenance of vital Christian community and show how to and show how to integrate vibrant Christ-centered faith and mission with world-changing social justice and political action. The book includes on-the-ground stories from multiethnic communities, a foreword by Robert Chao Romero, and an afterword by Willie James Jennings.

Theology of Mission in Light of Global Christianity

A leading scholar offers an up-to-date articulation of the theological grounding of the missionary endeavor. Lalsangkima (Kima) Pachuau argues that theology of mission deals with God's work in and for the world, which is centered on salvation in Christ through the power of the Holy Spirit. Pachuau brings a global perspective to mission theology, explains how theology of mission is related to theology as a discipline, and recognizes recent critiques of "missions," offering a compelling response rooted in the very nature of God.

What Humans Need to Flourish

In a world often consumed with self-sufficiency, this book reminds us that humans have an innate need for the grace of God's personal presence. Christa McKirland, an author doing research at the intersection of Christian theology and the sciences, argues for a new way of understanding the image of God. She makes an exegetical and theological case that human beings were created to need the presence of God in order to flourish. Such a need is not a liability but our greatest human dignity. Two Emerging Scholars Integrate Exegesis and Theology

Two experts in exegesis and dogmatics show how Christology and the Trinity are grounded in Scripture and how knowledge of these topics is critical for exegesis. The book outlines key theological principles and rules for the exegesis of Christian Scripture, making it an ideal textbook for hermeneutics and interpretation courses. The authors explore how the triune God revealed in Christ shapes Scripture and its readers and how doctrinal rules intrinsic to Scripture help guide exegesis.

How the Biblical Prophets Can Speak to the Church Today

- Author is an expert in the Old Testament prophets and Old Testament ethics
- Highlights three key ethical concerns of the Old Testament prophets
- Latest volume in the successful Theological Explorations for the Church Catholic series

The world cries out for a prophetic word to the chaos, unrest, and destructiveness of our times. Can the biblical prophets speak into our world today?

Leading Old Testament ethicist M. Daniel Carroll R. shows that learning from the prophets can make us better prepared for Christian witness. In this guide to the ethical material of Old Testament prophetic literature, Carroll highlights key ethical concerns of the three prophets most associated with social critique—Amos, Isaiah, and Micah—showing their relevance for those who wish to speak with a prophetic voice today.

The book focuses on the pride that generates injustice and the religious life that legitimates an unacceptable status quo—both of which bring judgment—as well as the ethical importance of the visions of restoration after divine judgment. Each of these components in the biblical text makes its own particular call to readers to respond in an appropriate manner. The book also links biblical teaching with prophetic voices of the modern era.

An Assessment of Three Contemporary Church Models

This book offers a historical assessment and balanced critique of contemporary church movements, especially in light of missional ecclesiology. It shows how Lesslie Newbigin's ideas have been developed and contextualized in three popular contemporary church movements: missional, emergent, and center church. In addition, the authors explain that some of Newbigin's insights have been neglected and need to be retrieved for the present day. This book calls for the recovery of the missionary nature of the church and commends church practices applicable to any congregation.

A Model to Empower Reconciliation and Unity in Fractured Churches

- Written by two scholar-practitioners who are experts in homiletics and reconciliation
- Provides a 7-step model that empowers communicators to promote reconciliation and bring unity to their fractured churches
- Includes questions for reflection, illustrations, and appendixes on preaching themes, preaching texts, and sample sermons from a diverse selection of preachers

We live in angry times. No matter where we go, what we watch, or how we communicate, our culture is rife with division and polarization. Unfortunately, Christians appear to be caught up in the same animosity as the culture at large. While our faith calls us to Christian unity, the hard fact remains: our churches are tragically divided across class, ethnic, gender, and political lines. As these social chasms grow—both inside and outside the church—the role of the preacher becomes paramount.

This book issues a prophetic call to pastors to use the influence of their pulpits to promote reconciliation and unity in their churches and communities. Two scholar-practitioners who are experts in homiletics and reconciliation present a practical, 7-step model that empowers faithful leaders to bring healing and peace to their fractured churches and world. The book includes questions for reflection, salient illustrations, and an accountability covenant. It also includes useful appendixes on preaching themes, preaching texts, and sample sermons from three leading preachers: Ralph Douglas West, Rich Villodas, and Sandra Maria Van Opstal.

Evaluates Competing Understandings of Atonement

This introduction traces the origins, development, and divergent streams of atonement theology throughout the Christian tradition and proposes key criteria by which we can assess their value. The authors introduce essential biblical terms, texts, and concepts of atonement; identify significant historical figures, texts, and topics; and show how various atonement paradigms are expressed in their respective church traditions. The book also surveys current "hot topics" in evangelical atonement theology and evaluates strengths and weaknesses of competing understandings of atonement.

A Christian Sociologist Explains the Problem of the “Stranger”

We live in a world of oppositional relationships and increasing in-group/out-group divisions. Christian sociologist Matthew Vos explains how the problem of the stranger lies at the root of many problems humanity faces, such as racism, sexism, and nationalism. He applies classic sociological theory on “the stranger” to matters of faith and social justice, showing that an identity in Christ frees us to love strangers as neighbors and friends. The book also includes two guest chapters, one on intersex persons and the church and one on stranger-making in the “correctional” system.

The Significance of Luther and Calvin for Modern Christians

This book articulates the significance of the magisterial Reformers—specifically Luther and Calvin—for Christian spirituality today. Utilizing primary sources, Dennis Ngien shows how the Reformers understood Christian spirituality in light of the gospel and how Reformation theology speaks to the theme of the Christian life. Ngien frames the discussion within a creedal and trinitarian approach to the narrative of salvation, highlighting the connection between the doctrine of God and the life of faith. He also shows the surprising affinities between the Lutheran and Reformed branches of Protestantism. Foreword by Ronald K. Rittgers.

Reframes the Discussion between Theology and Science

An author on the cutting edge of today's theology and science discussions argues that creedal Christianity has much to contribute to the ongoing conversation. This book contains an intellectual history of theology's engagement with science during the modern period, critiques current approaches, and makes a constructive proposal for how a Christian theological vision of natural knowledge can be better pursued. The author explains that when Christians treat theology as their first truth discourse, it is good for both science and religion. Foreword by David Bentley Hart.
