The Power of Persistent Prayer  
by Cindy Jacobs

1. In *The Power of Persistent Prayer*, you start with a very foundational question about prayer. What question is that and why did you choose to start there?

2. Once we understand why we are praying, you explain why it shouldn’t just stop there. Why do we need to pray persistently?

3. If we are called to pray persistently, the big question is, what do we pray for?

4. How can a person find or even build confidence in prayer?

5. What are a couple of blockages or obstacles to answered prayer? And how can we overcome them?

6. You say that prayer is actually a privilege. Yet so many Christians don’t think of it this way. Can you tell us more?

7. You have quite an extensive chapter about fasting in your book. How are prayer and fasting linked?

8. What are some benefits of fasting?

9. How can believers utilize Scripture in their praying? How does this help?

10. Another often ignored part of prayer is praise—yet this is something you are very passionate about. Why should prayer and praise go together?

11. Why is intergenerational prayer important?

12. What is proclamation prayer and how can believers implement this in their lives?

13. How can seemingly ordinary Christians participate in life-altering kingdom intercession?
