A Look Inside the Sacred Book of One of the World's Fastest-Growing Religions

What Every Christian Needs to Know About the Qur'an
by James R. White

What used to be an exotic religion of people halfway around the world is now the belief system of people living across the street. Relying on the media and politicians for information about what Muslims believe isn't going to cut it. Christians need to be better informed, whether the goal is to understand global politics or to talk to a Muslim neighbor.

A respected scholar, apologist, and ministry leader, Dr. James White has publicly debated the world's most prominent Muslim apologists. Through fair and accurate use of the Qur'an and other documents, White examines what Muslim sacred texts teach about Christ, salvation, the Trinity, the afterlife, and other crucial topics in this book. *What Every Christian Needs to Know About the Qur'an* provides believers with an understanding of Islam that will enable them to engage in open, honest discussions about the religion with Muslims and others.
