Murrow's groundbreaking "tour" explores the deepest thoughts, feelings, and needs all men experience—and how they are taught by our culture to keep these things to themselves. With *What Your Husband Isn't Telling You*, Murrow breaks the silence. He reveals what every husband since Adam has felt but has been unwilling or unable to say.

More than just a book about what men think, *What Your Husband Isn't Telling You* explores the deep forces that determine what they say, do, and believe. Murrow offers women valuable insights that will help them better understand and communicate with the men in their lives, including the truth about:

- Men's roles as providers and protectors
- Men and their sex drive and how this generation of men is faced with an unprecedented level of sexual temptation
- What men fear
- Why men don't share their feelings
- The incredible power women have over their husbands and how they can use it in healthy and wise ways
